Model Number: C-UCTCS

Chemspec C-UCTCS Urine Contamination Treatment 12/Liters Case (not sold in California)

Manufacturer: Chemspec

Chemspec Urine Contamination Treatment
An aldehyde solvent system designed to penetrate the odor source and knock it out. Works equally as well on carpets and hard surfaces.
This unique blend of solvents and aldehydes will breakdown the molecular structure of lingering odor sources and deodorize all in one step.
Easy to Use: On Carpets Apply undiluted product directly to the affected area. Allow 10 -20 minutes to dwell and clean using industry accepted extraction techniques. On Hard Surfaces Apply undiluted product directly to the affected area using a clean, cotton mop. Allow 10 - 20 minutes to dwell before mopping up.
Product Description
Our most effective deodorizer for urine odors. Features h aggressive surfactants and odor counteractant. Also useful as a traffic lane cleaner to neutralize urine and other organic odors in carpet. Ideal for residential, health care and educational applications.Also recommended as a cleaner and odor control product for restrooms. UCT works on all urine sources, and can be used effectively on carpets, upholstery and even on hard surfaces like tile, concrete, and wood. Suitable for use on stain-resistant carpet when used at the recommended dilution.
