StainOut 71-350 Carpet Comb 18in Carpet Rake Groomer with 2-Piece Wood Handle, Alternative to AB24 Grandi Groom

Manufacturer: StainOut Systems

StainOut 71-350 Carpet Comb 18" Professional Carpet Rake Groomer
Two-Piece Wooden Handle Reduces Shipping Costs!

The StainOut System 71-350 Carpet Comb is a professional 18-inch wide carpet rake and groomer designed for carpet cleaning professionals, janitorial contractors, property managers, and homeowners.
Designed as an economical alternative to the popular AB24 Grandi Groom carpet rake, the Carpet Comb features a two-piece wooden handle that allows the product to ship in a substantially shorter carton, helping reduce oversized package shipping charges.
Use the Carpet Comb before cleaning to loosen embedded debris, agitate carpet cleaning pre-sprays, and lift matted carpet fibers. After cleaning, groom the carpet to remove wand marks, distribute carpet protectors, and leave a uniform, professionally finished appearance.
Features and Benefits

- 18-inch wide grooming head for increased productivity.
- Two-piece natural wooden handle for compact shipping and storage.
- Black center handle coupling secured with two screws.
- Reinforced metal head support bracket.
- Flexible, translucent grooming tines.
- Built-in hanging loop for convenient storage.
- Helps lift and separate matted carpet fibers.
- Helps distribute and agitate carpet cleaning pre-sprays.
- Helps evenly distribute carpet protectors.
- Removes carpet cleaning wand marks and footprints.
- Suitable for grooming compatible artificial grass and synthetic turf.
- Economical alternative to the AB24 Grandi Groom carpet rake.
- Manual operation requires no electricity or batteries.

Save Money on Shipping
Traditional professional carpet groomers use a long, one-piece handle that can result in expensive oversized shipping charges. The StainOut Carpet Comb solves this problem with an innovative two-piece handle design.
The shorter shipping carton can reduce shipping costs by approximately 50% compared to conventional one-piece handle carpet groomers. Actual shipping savings vary by delivery location and carrier.
Recommended Applications

- Residential carpet cleaning

Steambrite Supply

StainOut 71-350 Carpet Comb 18in Carpet Rake Groomer with 2-Piece Wood Handle, Alternative to AB24 Grandi Groom

Quantity
One complete carpet groomer

Frequently Asked Questions
Q. Why should I purchase the Carpet Comb instead of the AB24 Grandi Groom?
A. The Carpet Comb offers the same nominal 18-inch grooming width while utilizing a two-piece wooden handle that reduces package length and potentially saves substantially on shipping charges.
Q. Can I use this groomer before and after carpet cleaning?
A. Yes. Before cleaning, use it to agitate pre-spray and loosen embedded debris. After cleaning, use it to align carpet fibers, remove wand marks, and improve the finished appearance.
Q. Can I use this rake on artificial grass?
A. Yes, on compatible artificial grass and synthetic turf. Grooming helps lift flattened fibers and loosen surface debris. Always follow the turf manufacturer's maintenance recommendations.
Q. Does the handle come assembled?
A. No. The wooden handle ships in two sections to reduce shipping costs. Simple assembly is required before use.
Q. Can this groomer be used on all carpet types?
A. Always test in an inconspicuous area first. Exercise caution when grooming delicate wool, loop-pile, Berber, and specialty carpets. This is designed to be used on twisted filaments, artificial turf and synthetics. This would not be used on wet cut wool pile (like seen in a oriental style area rug.)
Compare To

- AB24 Grandi Groom Carpet Rake
- 18-inch professional carpet groomers
- Professional carpet pile lifting rakes
- Manual carpet pre-spray agitation tools
- Synthetic turf grooming rakes
