Manufacturer: Clean Storm

Clean Storm QD85, Carpet Cleaning 3/8-Inch Female Brass Quick Disconnect Coupler Socket, 3/8"-18 NPT Female Thread)

Description

The Clean Storm QD85 is a heavy-duty 3/8-inch female brass quick disconnect coupler socket featuring an integrated check stop nipple designed to automatically shut off water flow when disconnected. Commonly used on the garden hose or water supply connections of select branded truckmounted carpet cleaning machines, this reliable brass fitting ensures quick, leak-free changes without manual valve closures. Please note that the 3/8-inch designation refers to the female pipe connection size (with a physical thread opening measuring approximately 5/8-inch across) rather than an overall physical dimension.

Features

- 3/8"-18 FPTF female thread connection for secure attachment to hoses and fittings
- Built-in check stop nipple automatically halts water flow upon disconnection
- Durable solid brass construction offers superior corrosion resistance and longevity
- Ideal replacement part for truckmounted carpet cleaning machine water inlets
- Standard 3/8-inch pipe connection opening measures approximately 5/8-inch across
