Description
The Clean Storm Circuit Locator Green Neon LED Light is an essential diagnostic indicator designed primarily for carpet cleaning equipment and high-draw machinery that require multiple power cords. Engineered to help operators quickly determine if cords are plugged into separate electrical circuits or phases, this versatile light illuminates at 120 volts AC and achieves full brightness at 240 volts AC. Capable of safe operation up to 250 volts AC, it installs easily through a standard 1/2-inch panel mounting hole and features convenient 1/4-inch EZ disconnect terminals for rapid, secure electrical connections.
Features

• Multi-Voltage Operation: Functions seamlessly across 120 to 240 volts AC, with max safety rating up to 250 volts AC.
• Circuit & Phase Verification: Helps verify separate electrical breakers or phases when operating dual-cord machinery.
• Visual Intensity Guidance: Light activates at 120 volts AC and glows brighter at 240 volts AC for quick voltage recognition.
• Simple Panel Mount: Mounts cleanly into standard 1/2-inch panel cutouts for effortless setup.
• Convenient Wiring: Equipped with standard 1/4-inch EZ disconnect terminals for fast installation and maintenance.

Specifications

Brand
Clean Storm

Part / Model Number
20220614

Light Color / Type

Clean Storm 20220614, Circuit Locator Green Neon LED Light, 120-240V AC, 1/4in EZ Disconnects, 1/2in Hole Mounting

Green Neon LED Light

Operating Voltage
120–240V AC (Safe up to 250V AC)

Terminal Connection
1/4" EZ Disconnects

Mounting Hole Size
1/2" Diameter

Primary Application
Dual-Cord Carpet Cleaning Machines / Circuit Locating

Cross-Reference SKUs

Olympus S-NM5758

SBM8359

Factory Installed on

Power Joiner Step Up Inverter Electric AC Converts Dual 20 amp 115 Volt outlets to allow 230 Volt 3 wire 20 amp Use [Reverse6-20R] Ford Evos Hybrid Level 2
