This machine will feature the same command hub as our dehus with the same BLE/WiFI features plus much more!

The new HEPA 700 incorporates all that customers loved about the HEPA 500 (for 15 years!) PLUS higher performance, new Command Hub technology and more:

» Significantly quieter for use in occupied spaces
» Passes DOP tests using filters included with unit
» Low 1.5 – 3 amps and variable airflow to 700 CFM (Xactimate: WTRNAFAN>)
» GFCI outlets to connect up to 8 units on low
» Touchscreen controls airflow and displays filter life
» Ductable inlet and outlet
» Rugged yet lightweight, securely stackable housing
» 24/7 remote monitoring and control by smartphone - connect to the free Command Center app and dashboard (coming soon!)
