HNG Series

Hot Water Pressure Washer

Electric Powered | Natural Gas or LP | Direct Drive

For indoor cleaning with hot water, the Shark HNG pressure washer is ideal. It packs cleaning power of up to 3000 PSI, yet fit within a footprint of only 28 by 46 inches. Powered by electricity and heated with natural gas or LP, the HNG models feature an industrial, belt-drive pump, a leak-free, cold-rolled hot water coil, a water resistant control panel and a high-efficiency burner with standing pilot. The HNG is the ideal solution for reliable, but affordable, hot water cleaning indoors.

Durable, triplex, oil-bath, belt-drive **high-pressure pump**, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty; features a cast-iron **pulley system** with easy-to-adjust belt tension

Brass, anti-syphon **metering valve** locks out air and dispenses precise amount of detergent

High-efficiency **burner** with standing pilot for years of reliable and affordable operation

Easy-to-attach downstream **detergent injector** with brass soap nozzle

Safety **rupture disk** attached to discharge side of heating coil protects against excessive pressure

High-quality, tamper proof **unloader valve** for operational safety

All Shark production plants are ISO 9001 certified

Certified to UL-1776 Safety Standards

Durable **hot water coil** made of 1/2-inch, Sch. 80 steel pipe and cold rolled for years of leak-free operation; with **easy coil access** design

Enclosed **control panel** with adjustable thermostat, hour meter and switches for burner and pump

Ventilated **steel cabinet** with all-weather protection from a powder coat epoxy finish; comes with limited lifetime warranty

Easy-to-understand illustrated **operating instructions** in English, Spanish and French for multi-lingual operator and owner protection

2.5 gal. **float tank** for high pressure application of detergent and to prevent pump cavitation

Four conveniently mounted, quick-couple **high-pressure nozzles** for varying fan spray

Quick-release couplers and **tangle-free, swivel crimp fitting** positioned on hose for ease of operation

Forklift guides for convenience in installation and moving within the shop

Heavy-duty, insulated **trigger gun** with fatigue-free handle and rated for 4500 PSI

Chrome plated **steel wand** has adjustable, easy-grip handle for hours of fatigue-free pressure washing and easy switching between wash and rinse modes

Available with remote stations and electronic ignition

U-Seal Technology

Crankcase pumps now feature new U-Seal technology, giving pumps longer life and better performance.

50 ft. of **wire-braid hose** rated for up to 4500 PSI, with **safety hose guard** for burst protection

Safety **thermal pump saver valve** protects against hot-water damage by venting recirculated water

HNG

Hot water cleaning from a compact cabinet

Ideal for wash bays and indoor cleaning where natural gas or LP gas are available

For in-shop and in-plant cleaning nothing makes more sense than the Shark HNG natural gas or LP heated hot water pressure washer. It's perfect for wash bays and continuous cleaning applications found in bus garages, heavy equipment shops, repair facilities and even kitchens.

DETERGENTS **Fast-cleaning, commercial-grade**

Custom formulated especially for pressure washers

Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Engineered specifically for use with hot and cold water pressure washers, Shark detergents are available in a variety of formulas and sizes to suit your cleaning needs and budget.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Shark Cyclone attaches to a hot or cold water pressure washer (up to 200°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY SHARK

Rental Tough

Originating over 20 years ago, Shark pressure washers were developed to withstand the most demanding environment - the rental industry - where durability and reliability are tested to the max. Today, Shark's dominating reputation for ruggedness and safety, as well as the strongest warranty offering in the cleaning industry, is recognized by a broad array of cleaning professionals and commercial contractors.

More than 80 hot- and cold-water models!

BENEFITS

Here are the Top 6 reasons Shark is America's #1 name in pressure washers

Shark's broad line of pressure washers and accessories allow customers to reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than **40,000 different replacement parts** and accessories in stock or ready to order when you need them most;

2. A **huge selection** of more than 80 hot- and cold-water pressure washers;

3. **Competitive pricing** on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

4. **Stainless steel coil wraps** that now come standard on nearly all of our hot-water pressure washers;

5. A wide selection of **detergents** formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

6. A handy and affordable Shark **Parts Box** that puts the most often needed pressure washer parts at your fingertips.
