

BIG MOUTH

12 Volt Automatic Waste Pump

Demand Performance!

Model: P33T

PERFORMANCE

The Big Mouth automatic pump-out system is designed with low torque bearings to allow for more flow rate than the competition, while drawing the same or fewer amps. Extra large valves allow larger solids and debris to be passed without clogging the system.

- 1 8 Gallons Per Minute
- 2 Low Amp 1/6 HP Gearmotor
- 3 Extra Large Valves
- 4 Sturdy Powder Coat Base
- 5 Full, One Year Limited Warranty
