

ULTRA ISLAND CANOPIES & BASES

CANOPY FEATURES:

- Unique two-piece modular canopy design is more cost effective to ship
- Aluminum frame, poles and vinyl cover make the canopy lightweight, durable, and weather resistant – logo can be customized for an additional fee
- Easily assembles in about one hour
- Canopies come with fluorescent light fixtures with easy access to bulbs for replacement (bulbs not included)
- One section could be replaced if damaged at your location – unlike one-piece construction

ISLAND BASE ANCHORING INSTRUCTIONS:

Stainless steel interior frame is predrilled to accommodate 1/2” diameter expansion-style anchors. You determine the anchoring system that works best for your site. Island base frame must be anchored into cement.

BASE FEATURES:

- Total stainless steel construction including interior frame and vacuum platforms provide years of use while still looking like new
- Unique modular construction consists of three separate pieces (double vacuum island bases) and two separate pieces (single vacuum island base)
- Modular construction results in reduced freight costs; easily assembles without a forklift in about two hours
- Teepee mat holder with (4) mat clamps are permanently attached to the center module which cuts down on potential replacement parts
- Modular design allows for replacement of any section or part if damaged at your location (unlike one-piece designed islands requiring total replacement)
- Trash service door is secured with (2) Medeco cam locks and trash can be deposited from four directions into container
- Slide-out trash removal is readily accessible by door (instead of heavy and messy lifting)
- Optional end vaults are available

Ultra 10' Vacuum Island Base (32010) and Canopy (32010CAN) with Ultra Turbo-Nator® Shampoo and Spot Remover and Ultra Turbo-Nator® Fragrance Combination Vacuums
