**THE ONLY PRESSURE WASHERS
BUILT RENTAL TOUGH**

SSG Series

Hot Water Pressure Washer Gasoline or Diesel Powered | Belt Drive Pump

THE SSG is the most rugged hot water pressure washer in the industry with its extra-durable 1 1/4-inch steel chassis, compact—yet open, easy to service—design, heavy-duty components, leak-free hot water coil, and a broad selection of gasoline- or diesel-powered engines, all with electric start. Six of the 9 models of the SSG series deliver cleaning power of up to 3500 PSI.

Durable, horizontal-style **hot water coil** made of 1/2-inch, Schedule 80 steel pipe and cold rolled for years of leak-free operation; with insulated **stainless steel coil wrap** and easy coil access design

Reliable Honda or Vanguard engines with electric start and 3-year limited warranty; rugged 27 HP Lombardini engine drives all-diesel model

Enclosed **control panel** with automatic thermostat, hour meter and burner on/off switch

2000-watt generator runs burner motor (not 12V DC unit)

High pressure **detergent injector**

Safety **rupture disk** attached to discharge side of heating coil protects against excessive pressure

Quick-release couplers between the machine, hose and trigger gun for ease of attaching; **tangle-free swivel** crimp fitting is positioned on hose for ease of operation

Rust-free, **polyethylene fuel tanks** (up to 20 gallons) for hours of uninterrupted operation

Durable, triplex, oil-bath, **Kärcher high-pressure pump**, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty

Heavy-duty, insulated **trigger gun** with fatigue-free handle and rated for 4500 PSI

50 ft. of **wire-braid hose** rated for up to 4500 PSI, with **safety hose guard** for burst protection
Safety **thermal pump-saver valve** protects against hot-water damage by venting recirculated water and **pressure relief valve** protects against build up of pressure in the system

Easy-to-understand illustrated **operating instructions** for multi-lingual operator and owner protection

LIMITED LIFETIME WARRANTY ON CHASSIS
Rugged **chassis** with limited lifetime warranty is made of 1 1/4-inch steel and painted with an **epoxy powder coat finish** for all-weather resistance along with a limited lifetime warranty and painted with black **wrinkle paint** for all-weather protection

High-quality, tamper proof **unloader valve** for operational safety

Power platform cushioned on eight **vibration isolators** for smoother operation and longer life

ETL certified to rigid UL-1776 safety standards

Chrome plated **steel wand** has adjustable, easy-grip handle for hours of fatigue-free pressure washing

Powered by **HONDA ENGINES**

Keep replacement parts at the tip of your fingers
Our Kärcher-Shark Parts Box includes an assortment of the most commonly used replacement parts—couplers, spray nozzles, and O-rings—all conveniently sorted in a heavy-duty tote box.

U-Seal Technology

Kärcher crank-case pumps now feature new U-Seal technology, giving pumps longer life and better performance.

KÄRCHER

THE ONLY PRESSURE WASHERS BUILT RENTAL TOUGH

SSG

Setting the standard for off-road cleaning

Totally self-contained hot water pressure washer can run off a faucet or water tank

The industrial-duty SSG and SSD hot water pressure washers have set the standard for in-field and off-road cleaning. Designed for mounting on either a truck or trailer, it is totally self-contained so it can accept water from a spigot or a water tank. It's built with the most reliable components for hours of uninterrupted on-site cleaning—ideal for heavy equipment wash facilities and contract cleaners.

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Kärcher-Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Graffiti removal is made easy using Kärcher-Shark's unique product formulas that require no extended soak time and can be reapplied immediately.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Kärcher-Shark Cyclone attaches to a hot or cold water pressure washer (up to 185°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY KÄRCHER

The undisputed world leader

Kärcher is a pioneer in high-pressure cleaning equipment inventing the first hot water pressure washer in 1950. Today, Kärcher is the world's largest manufacturer of pressure washers and is the undisputed leader in innovation with more than 300 patents. Kärcher was the only brand of pressure washer invited to perform the first ever cleaning of Mount Rushmore in 2005.

More than 80 hot- and cold-water models!

BENEFITS

Here are the Top 7 reasons Kärcher-Shark is America's #1 name in pressure washers

With the merging of Shark and Kärcher, our customers reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Same-day shipping on more than 30 of our most popular hot- and cold-water pressure washers as part of the popular Kärcher Ship Program (KSP);

4. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

5. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

6. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

7. A handy and affordable Kärcher-Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
