DE Series

Cold Water Pressure Washer

Electric Powered | Direct Drive Pump | Portable

THE Kärcher-Shark DE is an electric powered cold water pressure washer designed to clean indoors or outdoor and is packed with industrial quality throughout. The DE is mounted on a cart and delivers cleaning power of up to 2000 PSI. It is loaded with ruggedness, including a steel chassis with a limited lifetime warranty, a premier Kärcher pump with 7-year warranty, water-resistant electrical box with two-position rotary switch and a 36 ft. electrical cord with ground fault circuit interrupter for operator safety. Hose and wand hook is connected to the collapsible handle for the operator's convenience.

Easy-grip **chrome handle** with convenient hose-and-gun rack and **rear bumper** for ease in loading pressure washer into a vehicle

Easy-to-understand illustrated **operating instructions** for multi-lingual operator and owner protection

Heavy-duty, insulated **trigger gun** is rated for 4500 PSI and sports ergonomically design handle for hours of fatigue-free operation

Durable, triplex, oilbath, **Kärcher high-pressure pump**, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty

50 ft. of non-marking, color-coded, **wire-braid hose** with **safety hose guard** for operator protection against bursts

Inlet **filter** screens debris from entering and damaging pump

Quick-release **couplers** between machine, hose and trigger gun with tangle-free swivel crimp fitting positioned on hose for ease of operation

Chrome plated steel **wand** has adjustable, easy-grip handle for hours of fatigue-free pressure washing.

Five conveniently mounted, color-coded, stainless steel **nozzles** for varying the fan spray and detergent injection

36 ft. **electrical cord** with **ground-fault circuit interrupter** for operator safety

Safety **thermal pump saver valve** protects against overheated-water damage by venting recirculated water

High-quality, tamper proof **unloader valve** for operational safety

Enclosed **electrical box** for two-position rotary on/off switch

Industrial-duty **Baldor motor** provides high performance of years of dependable service

LIMITED LIFETIME WARRANTY ON CHASSIS
Rugged **chassis** with limited lifetime warranty is made of 10-gauge steel and painted with black **wrinkle paint** for all-weather resistance; **chrome handles** are now standard

Vibration-absorbing 10" tubed **pneumatic tires** with **steel wheels** for all-terrain maneuvering

Easy-to-attach downstream **detergent injector** with brass soap nozzle

DE Portable cold-water washer ideal for indoor cleaning

Strength and safety are combined into this versatile high-pressure washer

The Kärcher-Shark DE series is a compact, electric driven, pressure washer line that is targeted towards both small and large businesses for indoor cleaning. They are ideal for in plant or agricultural applications where fumes and emissions from gas engines are not practical. The rugged chassis design and heavy duty components makes the DE Series perfect for the professional user.

DE-301007D with 2.8 gpm
at 1000 psi

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Kärcher-Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Graffiti removal is made easy using Kärcher-Shark's unique product formulas that require no extended soak time and can be reapplied immediately.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Kärcher-Shark Cyclone attaches to a hot or cold water pressure washer (up to 185°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY KÄRCHER

The undisputed world leader

Kärcher is a pioneer in high-pressure cleaning equipment inventing the first hot water pressure washer in 1950. Today, Kärcher is the world's largest manufacturer of pressure washers and is the undisputed leader in innovation with more than 300 patents. Kärcher was the only brand of pressure washer invited to perform the first ever cleaning of Mount Rushmore in 2005.

More than 80 hot- and cold-water models!

BENEFITS

*Here are the Top 7 reasons
Kärcher-Shark is America's
#1 name in pressure washers*

With the merging of Shark and Kärcher, our customers reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Same-day shipping on more than 30 of our most popular hot- and cold-water pressure washers as part of the popular Kärcher Ship Program (KSP);

4. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

5. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

6. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

7. A handy and affordable Kärcher-Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
