DG Series

Cold Water Pressure Washer Gasoline Powered | Direct Drive Pump | Portable

THE Kärcher-Shark DG is a gasoline-powered direct-drive, cold water pressure washer with the cleaning power of up to 3.8 GPM and 3500 PSI. Five of the six models feature industrial-grade Honda engines. Most also feature a tri-plunger, oil-bath Kärcher pump with a limited 7-year warranty and EZ start valve for convenience in pull starting the engine. DG models have a hose-and-gun rack, high-pressure hose rated for up to 4500 PSI, detergent injector and 10-inch tubed pneumatic tires for easy maneuvering in all terrain. All DG models are ETL certified to the rigid UL-1776 pressure washer safety standard.

Reliable **Honda engine** on all models with three-year limited warranty features low-oil alert and silent-tone muffler

Rugged **chassis** with limited lifetime warranty is made of 10-gauge steel and painted with black

wrinkle paint for all-weather resistance; **chrome handles** are now standard

Vibration-absorbing 10" tubed **pneumatic tires** with **steel wheels** for all-terrain maneuvering

Easy-to-attach downstream **detergent injector** with brass soap nozzle

Keep replacement parts at the tip of your fingers

Our Kärcher-Shark Parts Box includes an assortment of the most commonly used replacement parts—couplers, spray nozzles, and O-rings—all conveniently sorted in a heavy-duty tote box.

Certified to UL-1776
Safety Standards

**Chrome
Handles
Standard**

Easy-grip **chrome handle** with convenient hose-and-gun rack and **rear bumper** for ease in loading pressure washer into a vehicle

Easy-to-understand illustrated **operating instructions** for multi-lingual operator and owner protection

Heavy-duty, insulated **trigger gun** is rated for 4500 PSI and sports ergonomically design handle for hours of fatigue-free operation

Durable, triplex, oilbath, **Kärcher high-pressure pump**, with three ceramic pistons and forged brass manifold, backed by a limited 7-year warranty (except DG-232336 model)

50 ft. of non-marking, color-coded, **wire-braid hose** with **safety hose guard** for operator protection against bursts

Inlet **filter** screens debris from entering and damaging pump

Quick-release **couplers** between machine, hose and trigger gun with tangle-free swivel crimp fitting positioned on hose for ease of operation

Chrome plated steel **wand** has adjustable, easy-grip handle for hours of fatigue-free pressure washing.

Five conveniently mounted, color-coded, stainless steel **nozzles** for varying the fan spray and detergent injection

Convenient **E-Z start valve** reduces compression for resistance-free pull starting of 9-13 HP engines

Safety **thermal pump saver valve** protects against hot-water damage by venting recirculated water

High-quality, tamper proof **unloader valve** for operational safety

DG

Portable gas-powered washer for on-site cleaning

With a surprisingly broad performance range as high as 3.8 GPM at 3500 PSI

The Kärcher-Shark DG is a rugged, yet affordable direct-drive cold water pressure washer. This popular design offers a wide performance range with cleaning power of up to 3.8 GPM at 3500 PSI. All models are compact for loading into most vehicles and easy to maneuver around the work site. It is favored by small business as well as homeowners with tough cleaning jobs.

**DG-232336 with
5 HP Honda
GC engine**

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Kärcher-Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Graffiti removal is made easy using Kärcher-Shark's unique product formulas that require no extended soak time and can be reapplied immediately.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Kärcher-Shark Cyclone attaches to a hot or cold water pressure washer (up to 185°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY KÄRCHER

The undisputed world leader

Kärcher is a pioneer in high-pressure cleaning equipment inventing the first hot water pressure washer in 1950. Today, Kärcher is the world's largest manufacturer of pressure washers and is the undisputed leader in innovation with more than 300 patents. Kärcher was the only brand of pressure washer invited to perform the first ever cleaning of Mount Rushmore in 2005.

More than 80 hot- and cold-water models!

BENEFITS

*Here are the Top 7 reasons
Kärcher-Shark is America's
#1 name in pressure washers*

With the merging of Shark and Kärcher, our customers reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Same-day shipping on more than 30 of our most popular hot- and cold-water pressure washers as part of the popular Kärcher Ship Program (KSP);

4. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

5. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

6. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

7. A handy and affordable Kärcher-Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
