Need a pivoting hose reel?

Look at the **AR425**. The stainless reel has a capacity of 150' c 3/8", 5000 psi, 400°F and is designed to mount on tubing with the enclosed clamp, or can be mounted on a wall. The reel has a friction brake for adjusting the drag depending on your job. It will pivot a full 360 degrees or you can slide the pin to lock the rotation where needed.

Stacking Hode Reels

Two stainless hose reels attached to a sturdy powder coated steel frame that conveniently bolts down to any flat surface. Two configurations to choose from:

Part# **AR325** has reels capacities of 250' x 3/8", 5000 psi, 400°F paired with a 150' inlet reel.

Part# **AR326** has reel capacities of 250' x 3/8", 5000psi, 400°F paired with another of the same.
