STEAMBRITE.COM SUPPLY

STEAMBRITE.COM SUPPLY SERVICE: We have a simple goal: to offer our customers in the carpet, upholstery, hard floor and restoration cleaning industries a wide variety of chemicals and accessories at affordable prices. Let **STEAMBRITE.COM SUPPLY** be your one-stop accessory supplier and watch your company improve inventory control, customer response time and overall costs.

ORDERING: Orders are accepted 24 hours a day by fax, phone or internet. A service representative is available from 6:00 am to 6:00 pm, Monday through Friday. Fax and internet orders are strongly suggested. We can only guarantee correct shipping if we have your orders in writing.

PHONE: (210) 680-4300
FAX: (210) 654-3904
MINIMUM ORDER: \$50.00

SHIPPING: Most orders will be processed and shipped within 24 hours. If you are ordering for export or items that need custom assembly or hazardous materials, please allow an extra day. While we strive to keep backorders to a minimum, they are possible. Unless instructed otherwise, we will ship all available items and ship backordered items as soon as they are available. Shipments will be sent UPS ground unless another carrier is specified or the order qualifies for UPS hundred weight or common carrier (truck). Express shipments will be accepted and sent as the customer specifies. Orders ship F.O.B. drop-ship origin, F.O.B. Salt Lake City, UT or F.O.B. San Antonio, TX. Hazmat will not be shipped by air. Dropship fee is \$10.00. Minimum order fee (below \$50.00 order) is \$10.00.

FREEZE/THAW INSTABILITY: The following chemicals are NOT freeze/thaw stable: Teflon Advanced for Wool and Clear Grout Sealer and its color additives. Since Hydro-Force has no control of how each carrier cares for its freight, we will not be responsible for chemicals that are frozen during shipment. Between the months of October and March, order the chemicals listed above at your own risk. All other chemicals are freeze/thaw stable.

WARRANTIES AND RETURNS: No returns will be accepted without prior authorization. Please call a Customer Service Representative for instructions (800) 794-7425. All items returned for restocking will be subject to a 20% restocking fee.

DAMAGE IN SHIPMENT: All claims for material damaged in shipment must be reported to the delivering carrier: UPS driver, truck driver, etc. Please keep the original carton as this is often necessary in order to settle claims.

PRODUCTS AND PRICING: There are many accessories and parts we sell which are not included in this catalog. We will continue to upgrade this catalog to include these items. Should you need an item or part not included, give us a call. Chances are we will have it in stock or can get it for you. **Prices listed in the catalog are subject to change without notice.**

NON-STOCK ITEMS: We occasionally receive orders for non-stock items. We are more than happy to source out these items and order them. However, please note when ordering these items we are not able to issue return authorization numbers for them. Once these items have shipped from the manufacturer, the order cannot be cancelled nor the items returned.

CREDIT: We are happy to open a **NET 30** account for qualified customers. Fill out a credit application and submit to **STEAMBRITE.COM SUPPLY**. Please allow two to four weeks for processing. C.O.D. accounts may be set up immediately with qualified customers. We also accept payment by credit card at the time of order. In order to maintain your credit status, accounts must be paid within terms. No orders will be shipped on past due accounts until the outstanding balance has been paid. There will be a \$25.00 fee for returned checks.

DIRECT SHIPMENT ☉: Items that have a ☉ after the item name (or by the picture) indicate that the item will be shipped directly from the manufacturer. This will be at our discretion. Items will be shipped F.O.B. origination point. C.O.D. orders are not eligible for direct shipment. If these items are shipped from a **STEAMBRITE.COM SUPPLY** location there will be an additional 10% added to the price.

**NEW
IMPROVED**

**REVOLUTION® HIGH
PRESSURE ADJUSTABLE
INJECTION SPRAYER**

High Pressure 250-1,000 psi

**NEW AND
IMPROVED
FOR 2004!**

- Metering stem now stainless steel.
- Larger knob with bigger numbers.
- Can recalibrate draw ratios in the field.
- More accurate and reliable.

Solution adjustments on the fly with the adjustable metering tip!

Patented

**Heavy Duty Gun!
Stainless Steel
Extension!**

**REVOLUTION® LOW
PRESSURE INJECTION
SPRAYER**

Patented

Solution adjustments on the fly with the adjustable metering tip!

**Low Pressure
50-250 psi**

AS12R \$191.79

AS08R \$236.61

THE REVOLUTION

- **APPLY ANY CHEMICAL IN YOUR TRUCK.** Get ratios of 1:4 up to 1:64 with a turn of the knob.
- **BETTER CLEANING.** When you come to that grimy area in front of the couch, turn the knob for higher concentrations of cleaner, turn it lower for light soils.
- **SAVE MONEY.** Now you, the professional, decide your mix ratio on prespray; heavy for heavy soil, light for light soil. You won't need constant high concentrations when only a small portion of the job requires it.

**HEAVY-DUTY
STAINLESS STEEL
EXTENSION AND GUN -
VIRTUALLY INDESTRUCTIBLE!**

**Hydro-Force™
Injection Sprayer**

Over 20,000 professional carpet cleaners can't be wrong.

The amazing Hydro-Force™ connects to your pressure line and automatically draws concentrate from the 5-quart container to achieve your desired dilution ratio. Use for carpet pre-sprays, deodorizers, protectors, dyeing, etc.

**A. High-Pressure Hydro-Force™ 250 to 1,000 psi
AS08 \$167.31**

**B. Low-Pressure Hydro-Force™ 30 to 250 psi
AS12 \$152.46**

Five-Quart Container With Cap

Increase your efficiency by having each chemical in its own ready-to-use jug. Attaches easily to the HydroForce™ sprayer. Heavy durable plastic!

AS30 \$4.21

Description Label

Label each of your chemical jugs and prevent the need to open each container until you find the correct chemical. These self-adhesive plastic labels fit on the AS30 5-Quart Container.

LM93 \$0.39

Full Pattern Cone Jet

This is a precision, non-adjustable cone jet that will interchange with the fan pattern jet on the HydroForce™ sprayer. It sprays in a full cone pattern, not just around the edges. Great for dye work.

NA0827B \$6.26

24" Brass Extension

Put the spray closer to the floor - more comfortable for dye work. Replaces the 18" extension currently on the HydroForce™ sprayer.

NA0824B \$12.50

HydroForce™ Metering Tip Kit:

Now your HydroForce™ sprayer is more versatile than ever. You can dilute concentrated chemical automatically at any of eight standard dilution ratios. Simply insert a new color-coded metering tip to change your dilution. NOTE: The standard dilution ratio for the High-Pressure HydroForce is 1:8 as it comes from the factory. The Low-Pressure HydroForce has a standard dilution ratio of 1:4.

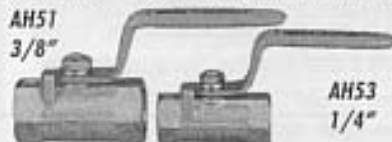

NA0816A (High-Pressure) \$13.75

NA0816B (Low-Pressure) \$13.75

Shut-Off Ball Valve

This valve is used on high-pressure water systems to facilitate easy changing of tools while under pressure. It is a must for use with the HydroForce™ injection sprayers, as well as many other tools.

AH51 (3/8") \$9.65

AH53 (1/4") \$8.86

Ball Shut-Off Valve

This chrome-plated brass and steel valve is the latest design for a tough long-lasting valve. Tested in our industry with thousands of hours of heavy-duty use, this quality ball valve will give you the lasting quality you've been waiting for. Special thread design eliminates the need for an additional adapter nipple.

AH54: 1/4" fp x 1/4" mp • AH54B: 3/8" fp x 3/8" mp

AH54 (1/4") \$10.54

AH54B (3/8") \$11.27

Econo Ball Shut-Off Valve

Has the same size and features as our regular AH54 ball valve but is restricted to a maximum 400 psi. Sized to fit 1/4" ends on solution hose where a shut-off is necessary.

AH56 (1/4") List: \$4.93

Quick Connects

These quality Parker quick-couplers are manufactured to the highest standards in brass. High-pressure design and durable materials assure reliable sealing. They also feature a double O-ring seal for increased reliability. These couplers are interchangeable with other manufacturers'.

NA0801 1/4" Male
4.41

NA0701 1/4" Female
\$8.78

PAF01 3/8" Male
\$6.24

PAF02 3/8" Female
\$14.19

Secure Loc

Prevent accidental separation of solution hoses forever with the SecureLoc 1/4" female brass quick connect. Upgrade your quick connects with every purchase of solution hose or quick connect replacement. Made by Parker.

NA0703
\$12.76

Twist to lock

Stainless Steel Quick Connects

Male and female 1/4". Will interchange with brass quicks.

TWBS

"The World's Best Sprayer"

- Completely Re-buildable • Heavy-Duty Parts • Wide Mouth, Easy Fill
- Fully Viton Fitted • Pressure Gauge / Relief Valve • Brass Fan Pattern Jets

TWBS 1-GALLON

- Comfortable, durable spraygun
- Spray tip straining and check valve
- Use for:
 - Upholstery prespray
 - Solvent or water-based protectors
 - Wall washing
 - Neutralizing chemicals

\$82.67

AS18

TWBS 2-GALLON

- Heavy-duty chemical-resistant hose
- 18" brass extension
- Solid brass trigger assembly

The perfect sprayer for small to medium jobs

- High volume easy pump
- Tough
- Long lasting

\$59.35

AS202

TWBS 3-GALLON

- Heavy-duty chemical-resistant hose
- 18" brass extension
- Solid brass trigger assembly

The perfect sprayer for large volume spraying

- High volume easy pump
- Tough
- Long lasting

\$65.98

AS204

2 -Gallon Stainless Pump Sprayer

The perfect size, weight, balance, and price for the professional. One of the best buys for a top-grade stainless sprayer.

- Brass plunger assembly
- 2-gallon capacity
- Brass Fan Pattern Jet
- Zinc trigger assembly
- 18" brass extension
- Top-grade stainless steel tank

AS21 \$89.05

2-Gallon Stainless Professional Sprayer

Use for any and all of your spraying needs. Built to give the comfort and quality that professionals demand. This sprayer will give years of service with a full selection of replacement parts available.

- Brass plunger assembly
- Viton O-ring and fitting
- Strong 18" brass extension
- 36" indestructible flexible hose
- Comfortable tough gunjet
- Top-grade stainless steel tank

AS23 \$122.76

2-Gallon Stainless Solvent Pump Sprayer

This top-of-the-line sprayer is used by thousands of professionals for application of solvent-based protectors and other harsh chemicals. Proven durable! Nylon and Viton-fitted throughout.

- Solvent-based protectors, deodorizers and dry cleaning
- Upholstery presprays
- High-quality metal gunjet
- Drapery cleaning
- Also suitable for any water-based chemical
- 10' indestructible, flexible, pressure hose

AS22A \$158.07

Pailtop Sprayer

Another great idea from HydroForce. This heavy-duty sprayer can be used on pails that you carry around or set on top of a 55-gallon drum.

- Supplied with Metal GunJet for exacting control and shutoff.
- Includes 10 feet of indestructible hose for wide area coverage.
- Built to withstand solvents and harsh chemicals.
- Pumps at 45 psi with a 6501 brass teejet. (extension wand not included)

AS89 \$251.46

VALUE SPRAYERS

FOR MEDIUM DUTY USE

3-Gallon Commercial Sprayer

- ✓ Chemical resistant
- ✓ 18" poly extension
- ✓ Fan Pattern Spray jet
- ✓ Wide funnel top
- ✓ Excellent for acid chemicals

Perfect for all medium-duty spray jobs.

AS14

High Performance!

Electric Sprayers

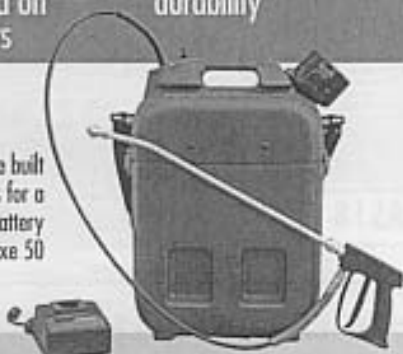

- Extended feet for more stability
- Permanent cord on plug-in sprayers

- Tough bumpers on bottom corners for more durability

BATTERY PAK SPRAYER - THE RELIABLE ONE

Using an industry standard - the heavy-duty DeWalt 12-volt rechargeable battery - and a full-size, high-output Flojet 50 psi pump, we built a sprayer that will apply more than nine gallons of solution on one charge. It's more than enough to cover all your spraying needs for a full day and you don't have to worry about power cords in your way! This unit comes with a quick charger that will recharge the battery fully in one hour. For maximum convenience, consider a second battery. AS71 includes: 3-gal. (or 1-gal. insertable) capacity, deluxe 50 psi sprayer with deluxe gunjet handle, 12-volt rechargeable battery with quick-charge battery charger.

AS71 \$434.61

12-volt Rechargeable Replacement Battery NM4012 \$68.19

These sprayers are rugged, lightweight, and exceptionally versatile. They will handle a wide range of chemicals either by slipping a one-gallon container into the tank or using the three-gallon capacity tank reservoir. Each sprayer is equipped with a 50 psi viton and nylon fitted diaphragm pump. Built to handle the most demanding applications, the Flojet pump is resistant to virtually any chemical used in our industry.

AS73 POWER SPRAYER

115 Volt electric sprayer with 3-gallon reservoir, or you

can drop in a single gallon container. The molded casing will hold it securely. Rugged poly wand and extension, shoulder strap, cone, and fanjet included.

VALUE

AS73 \$256.41

AS73XL POWER SPRAYER

115 Volt electric sprayer with all the features of the regular model AS73

with these additions: Completely solvent resistant; fitted with nylon and viton throughout; heavy-duty high-pressure gun and 18" heavy-duty brass extension; two fan pattern jets for fine mist solvent protector application or heavier application. The professional model!

AS73XL \$286.41

AS74 POWER SPRAYER

115 Volt. This sprayer is completely solvent and chemical resistant with ten feet of flexible hose for use with solvent protector, upholstery preconditioner, or wall washing. Comes with 6501 teejet. For a completely versatile sprayer, add the 18" wand extension (#NA0824) and 8004 teejet (#B026).

AS74 \$305.91

Additional Options for Serious Olympus Users

Auto Fill and Chemical Metering

Hook to the hot water faucet and have a continuous feed to your machine for non-stop cleaning. Includes a chemical metering system so measuring cups are a thing of the past.

Includes:

- 50' low pressure water fill hose
- Dema chemical metering system
- All hardware

*Built to order. Allow additional time for delivery.

Auto Waste Pump Out

No more bucket brigades with this powerful APO. It's so powerful it even functions for flood restoration.

Includes:

- 20 gallon per minute, high volume pump (works at around 10-15 GPM under working load)
- 50' of 3/4" waste dump hose
- Automatic float valve and all hardware

M012—Auto Fill & Chemical Metering \$296.49

M016—Auto Waste Pump Out \$394.89

OLYMPUS 1200

BY HYDRO-FORCE

For Tile and Grout

The Olympus 1200 comes with auto fill and auto dump features already added. It also includes 50' fill hose, 50' dump hose, 25' vac & pressure hose and a Hydro-Filter. Designed specifically for tile and grout cleaning, the 1200 provides 1200 psi of water pressure for tackling the worst grout grunge. It has two vac motors—one 2-stage and one 3-stage. Wand not included. Weighs 141 lbs.

M1200 \$3460.05

 AX33—50' power cord \$26.24

EZ-Access™ Ramp

Reduce labor costs, back injuries, and worker's comp claims.

Our EZ-ACCESS™ ramps are built for heavy-duty, everyday use. Now even the heaviest equipment can easily be wheeled in and out of your van, trailer, or truck. The AR004 1200 lb. ramp will handle virtually any piece and size of equipment. When a long ramp is needed use the AR006. The AR002 and AR004 measure 28" x 1.5" x 6' and fold for storage taking up only 3" in width. This makes it easy to carry in the van.

GUZZLER FLOOD PUMPER

The first single-cord, high performance flood extractor effective when used with the Water Claw deep extraction tools. No compromises are built into this machine. Designed purely for water removal from flooded surfaces, the Guzzler is like no other flood extractor on the market.

MUS02

\$2,074.⁸⁵

- Dual 2-stage vac motors producing 200 cfm
- Nothing in the 12-gallon tank but large, easy-to-clean filters
- Two diaphragm-type pump-out pumps mounted under the tank, 10.5 GPM
- Secondary safety filters mounted below the tank
- 15' of 2" vac Hose (no wand included)
- 50'x3/4" pump out hose
- Strong, durable poly bond will not crack or weaken

CARPET AND HARD-SURFACE EXTRACTORS

NOW YOU CAN HAVE THE POWER OF A TRUCKMOUNT WITH THE CONVENIENCE OF A PORTABLE.

The FX-88 and FX-88HP come with the industry's first 20 gallon per minute, fully automatic high volume pump-out system. Flood work is a snap with either machine. With auto-fill and chemical metering, the proportioning level control allows completely automatic water fill and chemical feed for operating ease and efficiency. Both machines have a 20-gallon solution tank and a 13-gallon waste tank. They also have an innovative handle system designed to allow fast unloading from vans or trucks and large, non-marking wheels for easy stair climbing. Each unit comes with 50 feet each of 1.5" vac hose, high-pressure solution hose, water hook-up hose, and dump hose.

FX-88 MA10

HYDRO-FORCE

MA12 **FX-88HP**

This incredible machine has a fully adjustable high efficiency (1.5 gpm) direct driven by a G.E. HP high efficiency, dual capacitor motor. Easily adjust the pressure from 50 to 450 psi using the pressure regulator on the control panel. Three vac motors produce up to 14 inches of mercury lift so you can use up to 150' of vac hose with excellent recovery. Comes with a stainless steel two-jet high-pressure carpet wand.

MA10 \$3,460.05

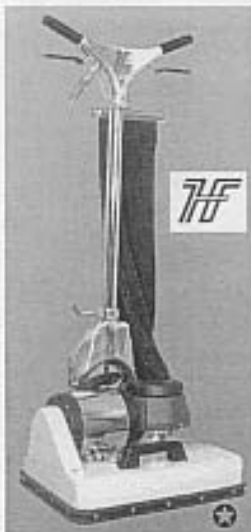

For cleaning hard surfaces such as grout and tile, this machine outperforms many truckmounts. It provides up to 1200 psi working pressure to run hard-surface tools like the Turbo and Gekko at optimum levels. It comes with two 2-stage vac motors and lets you adjust the spray pressure down to carpet cleaning levels. Does not include tools.

MA12 \$3,757.05

PILE LIFTER

Referring to pre-vacuuming, the IICRC "Carpet Cleaning Standard" states: "Overall dry vacuuming of high-traffic and open areas is essential. An upright vacuum, or pile lifter, which incorporates high-velocity suction and nap agitation is specifically recommended."

The HydroForce Pile Lifter is the ultimate professional vacuum. This is a well-built unit which not only utilizes extremely high suction, it adds the benefits of a large cylindrical brush which lifts, combs, and brushes the carpet pile. Versatility of the pile lifter ranges from standard vacuuming needs to heavy-duty uses such as removal of broken glass or construction materials. It employs a trap door which protects the motor from large debris, while allowing lint, dust, and fine particulate matter to reach the bag.

SPECIFICATIONS

Sweeping Width	15" (38 cm)
Brush Speed	190 rpm
Drive Motor	1/2 hp (.4 kw)
Vac Motor	1-1/4 hp (1 kw)

MA30 Hydro-Force Pile Lifter \$1,849.16

BACK-PACK VACUUMS

High Performance - Comfort - Efficiency

Vacuuming has never been easier. With the molded-in ergonomic backrest, these machines are a joy to use. Any vacuum will test to optimum performance when new. The true test of performance comes as debris fills the vacuum bag. In older, tubular backpack designs, the bag bulges and stretches when it fills, contacting the sidewall and top of the motor, severely reducing airflow. The new HydroForce Back Pack's 3/4" per side increase in diameter and

new bag support increase airflow and reduce motor heat, extending the life of the motor and allowing peak performance under all conditions, even when the bag starts to get full.

- Power: 1340 Watts / 1.5 h.p.
- Weight: 10 lbs. / Airflow 150 CFM
- Static Lift: 100" • Voltage: 115V
- Amperage: 11.5A dB: 67
- Filtration: 96.1% at one micron

TurboForce DRY VACUUM ATTACHMENT FOR TRUCKMOUNTS OR PORTABLES.

The TurboForce dry vacuuming tool is absolutely indispensable. Attached to either a truckmount or portable vacuum hose, the TurboForce uses the available suction to power the vacuum head. Life expectancy of the unit is up to three times that of an electric head, and independent tests have confirmed that the TurboForce maintains comparable cleaning results with electric heads. An aerodynamically -shaped body allows easy access under beds, chairs, and other furniture.

***OTHER FEATURES INCLUDE:** • Automatically adjusts to the carpet pile height. • Double-edge cleaning • An agitator designed to pick up dirt right to the carpet cleaning limit. • Built to last • The body is molded using high-impact ABS, surrounded with a high-impact bumper guard. • The high RPM turbine wheel creates air turbulence required for superior cleaning performance. The support shaft has been designed to prevent belt breakage caused by hair, dirt, and other debris. • A cogged drive-belt reduces slippage, increases performance, and lasts considerably longer than conventional flat belts. • Comes with wand to fit 1.5" hose.

TurboForce Dry Vacuuming Tool (AC160) \$116.82

DUST DOWNER

Protect your machine's blower from dust while dry vacuuming! The Dust Downer is a perfect companion to the TurboForce vacuuming tool and also very effective for duct cleaning. This handy unit may be placed in-line right next to the machine, or between the hose and wand. A constant supply of water sprayed into the vacuum hose ensures that any grit and dust drawn up from the carpet or upholstery is quickly put into solution. Dry vacuuming is no longer a hazard for the equipment.

A truckmount can be damaged by dry vacuuming. The Dust Downer eliminates this problem by spraying a mist of water from its internal jet. **Small price - BIG BENEFIT!**

Dust Downer 2" Hose size model (AH20) \$48.34

Dust Downer 1.5" Hose size model (AH18) \$41.16

HYDRO VAC

A small version of the TurboForce above, this vacuum powerhead is invaluable for vacuuming stairs, upholstery and many of the more difficult to reach areas. The HydroVac, combined with the TurboForce, creates an unbeatable dry vacuuming solution for any carpet cleaner. It is adapted to fit 1.5" hose.

Easy Maintenance - Hinged opening on casing allows easy cleaning of turbine.

Versatile - Adjustable suction head for different cleaning applications and working positions.

Precautions - Use with Dust Downer when vacuum source is portable or truckmount extraction machines. Utilize with truckmount on low speed.

HYDRO VAC DRY VACUUMING HAND TOOL (AC171) \$38.61

Duct Wizard**DUCT CLEANING SYSTEM**

The latest advance in add-on services to the carpet cleaning industry

MA66
\$2,965.00

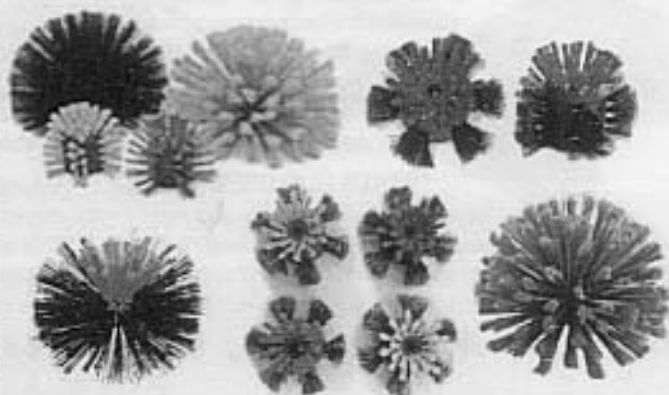

Duct Wizard is more efficient than other duct cleaning systems that use a truckmount because it has no cables running through the hose. Instead, it has only an electrical cord running through it, allowing for greater flexibility and more durability when running through air ducts.

Other reasons Duct Wizard out-performs other systems:

- Remote controlled direction reversal
- Amazingly powerful and small drive motor at brush end of hose
- Small, strong, lightweight aluminum housing—the smallest in the industry!
- Special base glides easily over floors
- Fewer moving parts for less maintenance and more safety
- Extremely quiet
- Larger intake ports for better suction
- Clutch motor system
- Use with truckmounts, portables (must use Dust Downer), or even the HydroForce Back Pack Vacuum

**DUCT WIZARD BRUSHES:**

Duct Wizard brushes are available in a variety of sizes to achieve access to any duct system.

STAIR
TOOL

AW39

PROCHEM LONG STAIR TOOL

The Prochem Single-Jet Long Stair Tool is one of the best quality, easy-to-use stair tools on the market. This tool is cast-constructed of high-grade stainless steel and uses a 2" cuff (the same as most wands - so there is no need for changing "mid-stream"). This will make the hard work of stair cleaning a breeze. You'll never know how good it can be until you get one.

AW39

\$291.06

HyDry™ DELUXE UPHOLSTERY CLEANING TOOL

Adjustable Vacuum Relief - Adjusting the vacuum relief will increase or decrease the amount of vacuum on the fabric and also control the amount of moisture applied to the fabric. Amazingly simple!

AW50P 3-1/2"	\$201.96
AW51P 4-1/2"	\$221.76

This improved version of our former HyDry tool will revolutionize the way upholstery is cleaned! With the new internal valve, 6 feet of flexible vac and pressure hose (pressure hose runs inside of vac hose), and heavy-duty vacuum relief slide, the NEW Deluxe HyDry™ is much more comfortable and effective to use.

- ☛ No overwetting. Actually uses more water for better cleaning yet gets the upholstery dryer!
- ☛ Works with portables or truckmounts, 30 to 500 psi working pressure.
- ☛ Handles temperatures to 220° Also works with solvents.
- ☛ Never any overspray, dripping or puddles.

ORIGINAL HYDRY

You have your choice of two great tools. It comes down to personal preference.

This is the original HyDry, but with improvements. For the contractor who doesn't like the internal solution hose of the new HyDry Deluxe, this original version still has the external hose and valve. The improvements include a thumb slide vacuum relief valve, just like the Deluxe.

Patent # 6,453,500.
Other Patents Pending.

GUM BLASTER WAND

What do you hate about removing gum from carpets?

- Messy • Labor intensive • Time consuming
- Hard on your back and knees

Patent Pending

Now it's truly fast and easy to remove gum with GUM BLASTER! Equipped with a 1,000 psi stainless steel valve, this stainless steel tool is designed to work with a truckmount at 300 to 400 psi that can produce at least 170°F at the wand. The higher the heat the quicker and better the gum is removed. The Gum Blaster can remove dozens of gum pieces in just a few minutes. Note: not for use on wool. May distort pile of some carpets. Test before use.

AW08 \$207.39

Here's how to do it:

1. Attach the Gum Blaster to your solution base. Run the solution until maximum temperature is achieved at the wand.

2. Place the tool so the spray from the jet hits the front edge of the gum spot closest to you. Slowly move the the Gum Blaster away from you. The gum will be peeled from the carpet and sucked away.

3. Apply four or five drops of Gum-Gel and agitate lightly with the Gum Getter. This will dissolve the last of the invisible gum residue and will come up with your regular cleaning.

Patented

Gum Getter

AC150
\$7.87

**NOW available in countertop display box. Increase sales tenfold.*

The GumGetter™ makes gum removal from carpet a breeze. Five firm teeth take the work out of it. With just a few strokes over the gum, spot or stain, you do the work of 10-15 bone scrapers. Apply the gum removal chemical, stroke it with the gum getter and the gum will roll up for disposal. This tool is also great for any variety of spot and stain removal situations.

Unbeatable Gum Removal Team!

GUM GEL

GUM GEL is a citrus solvent formulated to stay on the spot full strength and work fast. You won't find a better chemical for gum removal. It also does a killer job on a wide range of other spots such as tar, grease, cosmetics and most types of ink. Don't worry, GUM GEL is merciless on gum and spots but it's safe for you and the carpet or fabric you're cleaning.

Save Chemicals!

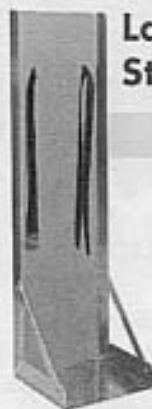

Save Equipment!

Save Money!

75% of the area in the United States has hard water problems. Experience the positive results that only soft water can bring.

- **IMPROVE YOUR CLEANING:** Your cleaning agents are designed to emulsify and suspend soils in the carpet. Hard water contains minerals which use up the cleaning agents before they get to the carpet. Soft water frees your chemical allowing maximum cleaning effectiveness.
- **EASY TO USE:** Fits easily into the corner of a van and is fitted to hook directly to garden hose fittings. The manual model takes \$1.00 worth of salt and a few minutes to regenerate. The automatic systems take only seconds of your time.

- **SAVES CHEMICAL COST:** With your chemicals now free to clean carpets, not water, you can use less chemical and get the same excellent results.
- **SAVES EQUIPMENT:** Softening water before it enters your equipment will prevent mineral scale from building up in heater coils and solution lines and from clogging tips and strainers. Soft water will reduce wear on water pumps and give burners and heat exchangers more efficiency by keeping pipes clean.

Large Water Softener Stand (Optional)

AC39A (Optional) \$68.81

SELF-CONTAINED AUTOMATIC

This great little unit comes self-contained and ready to mount in your van, complete with mounting bracket, automatic softener, and brine tank. The brine tank is small, but has all the professional features of a full-size unit - using only one square foot of floor space, this unit is a great space saver.

Easy to use! Once a week (8000 grains, may vary according to water hardness and usage) simply hook up to water, twist the automatic timer, then go relax - everything is automatic! You will have soft water again in less than one hour.

AC40B \$622.65

AC39 10" x 38" - Stand Alone.

To recharge, add salt directly to the tank and run water through at a trickle for 30 minutes. With this simple procedure you are ready to go for another month! (Back flushing is occasionally required) **Tank Material:** Tough fiber epoxy case and ABS inner shell. **Softening:** 32,000 grains (enough for one month normal cleaning in a medium hard water area).

AC39 \$415.75

AC40

Made of tough fiber epoxy case and ABS inner shell 10" x 38" - (Brine Tank, not pictured, 11" square, 32" high). This automatic unit comes with a brine tank for the salt (left in the garage) and a hose and fittings to connect brine to softener. The softener has an automatic head that activates with the simple turn of a dial. These are great for multi-truck companies who share a brine tank or the individual cleaner who wants to eliminate hassle. 32,000 grains.

AC40 \$705.82

**THE POLLUTION SOLUTION
WASTE TANK PUMP-OUT SYSTEM**

This truckmount automatic recovery tank pump-out system operates on 12-Volt DC current - no power cords! Helps you meet your local Environmental Waste Disposal Requirements!

- No loss of vacuum pressure or dynamics
- On-site waste disposal through toilet or washer drain
- Saves space and is completely submersible
- Easy to clean and maintain
- A must for flood damage jobs
- Operates efficiently under vacuum load
- Comes with instructions and everything necessary for complete installation

AC12 \$593.01

**FOREVER CLEAN WATER
CONDITIONING MAGNET**

The "Forever Clean" works like no other system ever invented for keeping truckmount systems clear, clean and free from mineral buildup.

- Not a filter - Forever Clean will eliminate scale and corrosion in your truckmount for 25 years or more, and no regular maintenance is required.
- Forever Clean will actually aid in the cleaning and rinsing process by realigning molecules and minerals. This greatly reduces surface tension and increases the ability of surfactants to solubilize and suspend soils.
- Forever Clean is easy to install. Simply install the unit on the incoming water supply line - then forget about it "Forever!"

AT20 \$493.01

VAN SHELF™

HOLDS 8 ONE-GALLON CONTAINERS PER SHELF

Aluminum AX104 \$226.71

Get your chemicals up off the floor. This space-saving shelf mounts directly over the van wheel well, utilizing seldom-used space. This three-shelf unit will hold 24 single-gallon containers or any variety of containers or accessories. Your Hydro-Force, upholstery brush, spotting towels or stair tool will all fit.

- NOTE: Assembly required.
- 4" lips - bottles won't spill
 - Adjustable
 - 48" shelves

Stainless Steel AX128 \$286.11

Van Divider

⊕ VAN DIVIDER - ADVANTAGES:

- Creates a comfortable driving environment
- Keeps heat in while heating van on long winter nights
- Keeps noise and odors in the back
- Maintains access and visibility to the rear
- Easily installed and transferred to new vans

DON'T FREEZE IN WINTER OR SWEAT IN SUMMER. INSULATE YOUR CAB FROM HEAT, COLD AND UNWANTED ODORS. Heavy-duty 6 oz. grade nylon divider prevents unwanted circulation of heating and air conditioning by keeping it in the front compartment. Curtain snaps to van's contoured ribs. Folds aside with center zipper for easy access to back section. Clear vinyl windows for full visibility. Handy utility pocket holds maps, clipboards and other equipment. Available for all full-size and mini-vans. Choose from gray or navy blue. Specify color, sliding or hinged side door, make, and model of van. Demo model available.

"Keeps the noise and heat in the back where it belongs.....One of the best \$200.00 I ever spent!" -- Glen Thompson, Distinctive Carpet Care

CONSTRUCTION:

- Heavy-duty nylon fabric
- Clear vinyl windows (D.O.T. approved)
- Full-length separating zipper
- Two handy utility pockets
- Storage bag

THERMAL-BARRIER CURTAIN FOR YOUR VAN

AX04
\$196.02

DoorJam™

Hoses in... Unwanted Temperatures out!

Cold air, hot air, bugs and animals are kept outside where they belong, winter or summer, when you use the DoorJam™. All true professionals will now be able to protect the customer's environment and still be able to run hoses through the door.

When finished, the DoorJam™ easily rolls into a compact bag for storage.

AD04 \$76.15

Pillow pad provides blockage against cold/hot air and bugs!

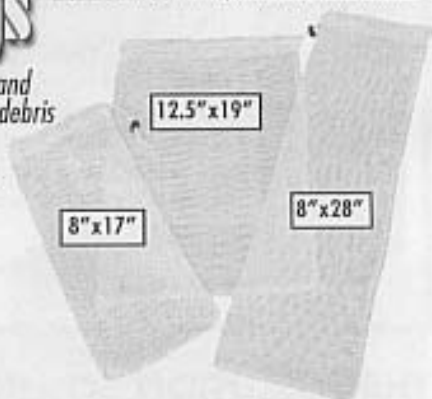

Filter Bags

For truckmount and portable waste tanks.

Protect your vacuum motors and blowers - Keep lint and large debris out of the waste tank.

These bags come with plastic card locks for a tight fit.

- Filter Bag, 8"x17" PHY049-030 \$7.87
- Filter Bag, 8"x28" AX12 \$9.84
- Filter Bag, 12.5"x19" PHY049-029 \$9.45

HYDRO-FILTER

STAINLESS FILTER FOR HYDRO-FILTER

The Stainless Steel insert will not rust, has a large surface area for waste collection and free airflow, is durable and long-lasting. With the new stainless filter available as an option, every professional cleaner should have a Hydro-Filter!

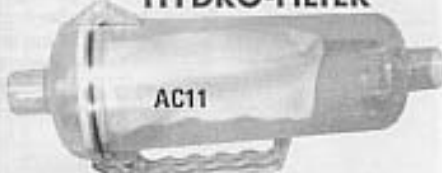

- HYDRO-FILTER (supplied with AC11A filter sock) AC11 \$77.48
- STAINLESS FILTER FOR HYDRO-FILTER AC11S \$39.95
- FILTER SOCK AC11A \$9.95
- SMALL PARTS KIT AC11B \$9.45
- REPLACEMENT LID AC11D \$24.78

2 important reasons to own the Hydro-Filter

1. Filters out fibers and debris before it enters your waste tank.
2. Shows your customer the dirt you are removing from their carpet.

HYDRO-FILTER

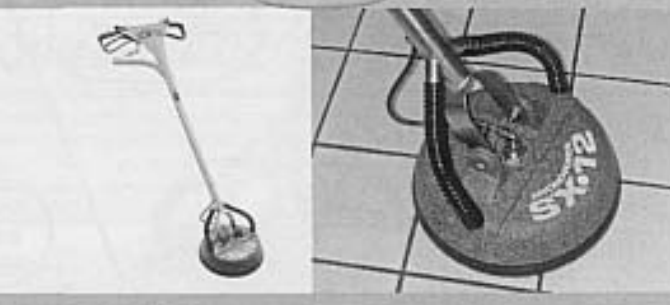

QuickStart

Tile, grout, and hard surface cleaning system
by HYDRO-FORCE

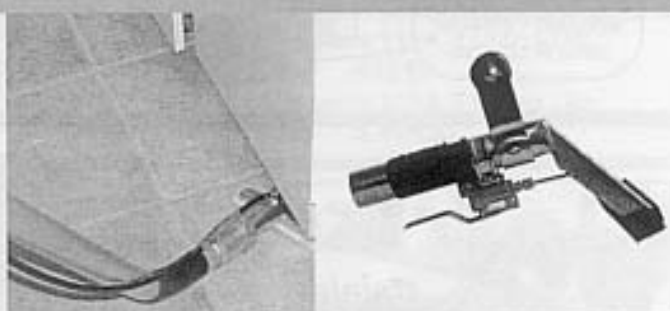

1 PRE-SPRAY
Apply one of the Spinergey cleaning solutions, Viper Venom or Viper Renew to surface being cleaned. Dilute according to instructions.

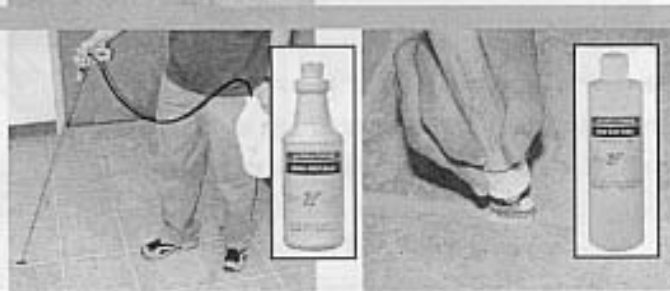

2 PRESSURE RINSE
Clean and Rinse with the SX-12™ and Spinergey™ 7 neutral rinse. Spinergey™ 7 dilutes at one ounce per gallon through portables or one quart per five gallon container for truckmounts.

3 EDGING
Use the Gekko stand-up tool for edging and direct blasting of grout. Use the Grinder for tight spots, countertops or vertical surfaces.

4 DRY AND SEAL
Use Hydro-Force Premium Stone & Grout Sealer or restore stained and discolored grout with dyes added to Clear Grout Sealer. See page 24 for grout sealing chemicals and tools.

Our Tile & Grout Cleaning and Restoration System

This system is designed for man-made tile that is non-porous, acid resistant and scratch resistant.

- Retrieves soil rather than spreading it out with a mop.
- Saves time and effort over competitive systems.
- Once equipment is set up, the process is as easy as mopping with dramatically different results.

- Only needs high-pressure portable or truckmount to operate efficiently.
- Thorough sealing will make cleaning easier in the future.
- Color sealing is available to correct past maintenance mistakes and damage.

*Note: Test in an inconspicuous area for surface compatibility.

THE LATEST technology for cleaning tile and grout!

HYDRO-FORCE SX-12

HARD SURFACE TOOL

The SX-12™ blasts soil and dirt from tile, grout, and smooth or rough hard surfaces. The rotary arm spins to create amazing soil blasting power working from 700 to 2,000 psi while the vacuum ports pick up all the waste. The SX-12™ is ready to work with truckmount carpet machines, pressure washers and vac systems, or the HydroForce high pressure portable extractors.

- Works with front-to-back and side-to-side motion
- Works on uneven stone or tile surfaces or smooth concrete
- Light-weight
- Non-fatiguing: glides easily over the floor

NEW!

AW104
\$886.05

Gekko™ Now with stainless steel wand!

Works with any truckmount or high-pressure portable.

Concentrates all the water pressure through an amazing new spray jet that creates extreme force for cleaning severely soiled grout. Works with pressure from 100 psi to 2000 psi. Primarily used as a detail tool for corners or edges. May be needed for some grout lines with extreme soiling. The wand and three different Gekko heads can each be purchased separately.

AR54 with 5" Head

AS1200 \$583.11

THE HOSE PROTECTOR

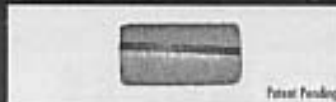

Keep your hoses clean on every job. Protect your hoses when working with: sewer back-ups, mud, snow, grease and just plain dirt.

- Available in 25' and 50' lengths.
- Applies to 1.5" or 2" hose in less than 30 seconds.
- Completely seals the hose off from nasty elements.
- Disposable: comes off the hose in seconds, saving hours of hose cleaning time.
- Prevents cross contamination of pathogens and soil on your next job.
- Not just for restorers. The hose protector will impress your residential customers and keep your dirty hose from marking freshly cleaned carpet.

AH97 25' Hose Protector

CORNER AND EDGE BRUSH

A triangular-shaped brush with side-mounted bristles designed to easily and effectively clean along baseboards, tile covering, under equipment and in tight corners. Comes with fiber core pole with non-slip grip. No more scrubbing tight places on your hands and knees!

AB40 Corner and Edge Brush \$55.39

GROUT BRUSH

Add extra agitation, when necessary, to grout lines from a standing position. The unique pivoting head lets the brush glide along grout lines, in corners and up walls. The stiff crimped, acid resistant nylon bristle is bevel-cut to get into grout lines. A lock-down handle socket securely attaches to a variety of handles.

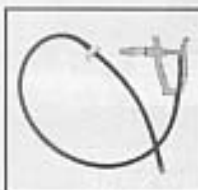

AB16H Handle \$7.18
AB36 Brush \$15.82

INJECTIMATE GROUT SEALING KIT

The new Injectimate Grout Sealing Kit takes application of water-based grout sealers to the next level. This kit, when used with Injectimate gives you total control of the amount of sealer applied. The flow of sealer stops after each squeeze of the trigger. Use the 3-foot extension tube to apply sealer to floor grout while standing and the 4-inch tube to apply to sealer to counter-top and wall grout. You don't want to seal grout without this tool!

Kit includes: 4-inch tube, 36-inch tube (pictured in-use, above), three brushes, and instructions.

AC13A Grout Sealing Kit \$38.56

AC13 Injectimate \$25.72 (See page 33)

PREMIUM STONE & GROUT SEALER

Our outstanding performer! This water based penetrating sealer repels and protects against water, and stains. Effective on all grout and most absorbent and semi-absorbent stone and tile. Can be sprayed or applied with the Injectimate Grout Sealing Kit. No other sealer can compare to the durability and performance of this premium product. Grout is strengthened when protected with Premium Stone and Grout Sealer.

Item#	Package	Price

	Case of 12	\$18.76 x 12
CH06GL	1-gal	\$69.25
	Case of 4	\$65.79 x 4

CLEAR GROUT SEALER

A premium grout sealer designed to be used with the Hydro-Force grout dyes. Carry just this one base product and add any one of eight dye colors to achieve amazing natural looking grout in an all new color. This product makes the dyed grout much stronger along with excellent soil and oil resistance and soil release when cleaning. Once cured, it is impervious to cleaning agents, even the heavy-duty type. Coverage will average 300-800 sq. ft. per pint, depending on size, absorbency, and texture of the grout.

Item#	Package	Price
CH08A	12 - 14 oz.	\$24.70

Turbo Stick

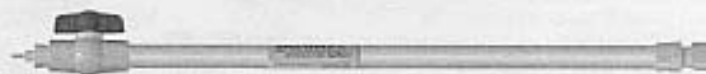

Seal and color grout while on your knees with more control and less adjustment than with the Grout Stick. Use with clear or colored sealers as well as solvent- or water-based sealers.

Packaged as set of 2 with 4 brushes.

AR55 \$21.973

Groutstick

- Seal and Stain four times faster and stay off your knees!
- Versatile - Apply color, solvent and water based sealers to grout.
- Economical - The grout sealers go on the grout, not the tile.
- Includes three different size brushes and clean-up sponge.

AR56 GroutStick Applicator \$55.85

SOLVENT GROUT SEALER

- Low-odor solvent-based sealer.
- Dries in six hours, cures in 48 hours.
- Fluorochemical technology for oil, water, and soil resistance.
- Affordable and easy to apply with the "GroutStick." Use Hydro-Force Solvent-Based Grout Sealer on any non-sealing cementitious surfaces. It does not change the texture or color of the current grout when dry.

OSHA shipping standards apply to this chemical. It can ship via UPS ground domestically only. It can also ship via LTL truck ground without being labeled a hazardous material. It can ship via ocean freight but is subject to hazardous material regulations. It cannot ship via air freight.

Sample Kit

SPINERGY™ 11 ALKALINE CLEANER

This new "high-tech" tile and grout solution was created to excel beyond anything currently available. Amazing advances in surfactant technology help Spinergy™ 11 melt away years of built-up grease, stains, and soil -- and do it without the addition of solvents or highly caustic builders. Used as a pre-spray on ceramic porcelain and quarry tile, Spinergy™ 11 dilutes with four parts of water and can be applied with a Hydro-Force Injection Sprayer. It may be diluted further for maintenance-type cleaning.

SPINERGY™ 2 ACID CLEANER

Spinergy™ 2 Acid Cleaner is used for man-made ceramic, porcelain, and quarry tile. Used on floors and walls with mineral scale, soap scum, and imbedded stains. While measuring on the acid side of the pH scale, Spinergy™ 2 exhibits excellent grease-cutting ability and does it without the need of added solvents. Spinergy™ 2 is diluted 1 : 4 for heavy-duty cleaning.

ORM-D shipping standards apply to this chemical. It can ship via UPS ground domestically only. It can also ship via LTL truck ground without being labeled a hazardous material. It can ship via ocean freight but is subject to hazardous material regulations. It cannot ship via air freight.

SPINERGY™ 7 NEUTRAL CLEANER & RINSE

Spinergy™ 7 is an excellent neutral cleaning agent used to rinse and neutralize hard surfaces where alkaline- or acid-based cleaners have been used first. It also is an excellent "stand-alone" cleaner for use in regular maintenance through scrubbing equipment, extractors or mop and bucket. Spinergy™ 7 will cut and suspend grease and soils and leave the floor sparkling clean. Dilutes 1 to 2 oz. per gallon or 1 quart in truckmount 5-gallon container.

RTU pH = 11 Dilution Range = 1:4

VIPER VENOM

The original tile and grout cleaner. Viper Venom is the solution of choice for those who prefer a high alkaline, solvent fortified, chemical for heavy soil. It will remove years of built-up grease, soil and stains. Viper Venom dilutes with one part water for use on tile and grout. It can also be used on a variety of other hard surfaces when properly diluted with water.

RTU pH = 12 Dilution Range = 1:1 - 1:32

Item#	Package	Price
CR22GL	1 gal	\$17.18
	Case of 4	\$16.32 x 4
CR22PL	5-gal pail	\$78.98

VIPER RENEW

Acid cleaner for tile and grout.

Use Viper Renew when all other cleaners have failed. It works on the acid side of the pH scale removing soils and stains on grout, tile, and stone that have been neglected for years. Viper Renew actually removes a very thin layer of grout, taking with it all hard water deposits, soap scum and efflorescence. The proprietary organic salt in Viper Renew is twice as effective as phosphoric acid at dissolving calcium carbonate, and without the unpleasant fumes. Keep a gallon of Viper Renew on your truck so you'll be prepared for even the most extreme tile and grout cleaning situation.

FOAM-LESS

Foam-Less limits foam in your extraction cleaning equipment, which protects equipment and preserves cleaning effectiveness. It controls foam from detergent residue build up from previous cleanings and foam created by high water pressure and/or flow during extraction. Add to vacuum hose while cleaning or to waste tank before cleaning. Dilution Ratios: Add 8 oz. to gallon of hot water for use in vacuum hose or 1 to 2 oz. of concentrate directly to waste tank.

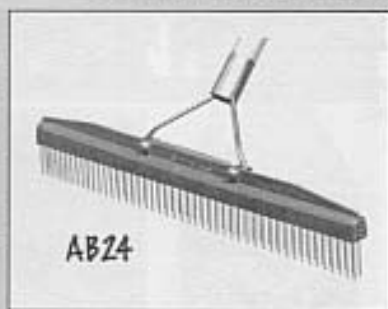

Item#	Package	Price
CH47GL	1-gal	\$16.82

FLOJET VSD 12-VOLT FRESH WATER SUPPLY PUMP

The new technology built into this pump senses the water flow and adjusts motor speed to give you an even flow and pressure without cycling. This does the same thing as a pump and bladder system without the bladder. Use with Hydro-Well or other types of fresh water tank.

AP38 \$207.21

HYDRO-WELL FRESH WATER RESERVOIR TANK

Economical and durable - The Hydro-Well will not rust, dent, or corrode. Imagine how much time you will save - no looking for a water supply on the job and no worries about frozen water faucets or hoses in winter.

- 100-gallon capacity
- Durable polyethylene tank.
- Built-in chemical shelf holds up to 5 one-gallon containers.
- Baffles inside tank decrease water movement while van is in motion.
- Automatic water fill shut-off. Transparent tank allows monitoring of the water level.
- Easily mounted anywhere in the van! Convenient, multiple-access ports ensure easy filling and draining, no matter where it is mounted.

AX140 \$790.02

Carpet Skidders

NO LONGER IS STRENUOUS LIFTING NEEDED TO MOVE FURNITURE.

- Skidders let you move furniture with little effort! Now it takes only one person to move heavy furniture.
- Skidders are to be used on carpeted areas. Simply place one skidder under each leg of furniture then slide furniture.

- It's like magic! No back injuries from lifting. No more broken furniture legs. Just slide it with skidders.
- Carpet cleaners use several sets of skidders. Leave skidders under furniture, replace with blocks or carpet protectors after cleaning.

AC15 4" Carpet Skidder (Set of 4) \$18.07
 AC16 8" Carpet Skidder (Set of 4) \$38.83

FRESH WATER BOOSTER SYSTEM

Transfer water from a fresh water tank to any machine with this unit. The bladder collapses under the pump pressure and then feeds that pressure back to the machine. This keeps the pump from running as often, and eliminates constant cycling that is normally seen with a pump on its own. This is a plus with any machine that uses a manual or "toilet bowl style" float valve for incoming water.

FEATURES

- Installs in convenient location; floor or wall
- Self Priming
- Can run dry without harm if water supply fails.
- 3.5 GPM/30-45 psi

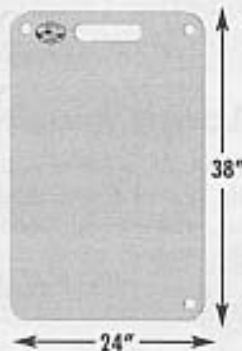

AP36 \$273.79

Scuff Shield

Scuff Shield is a must for any restoration. Move refrigerators, stoves or any appliance without floor damage. Protects hardwood, vinyl and ceramic tile.

AX151 \$34.30*

*Additional shipping and handling charge may apply

SOFT-SIDE BAG by Hydro-Force
 THE PERFECT BAG TO CARRY ALL YOU NEED!

Durable

- Solid base made from chemical resistant, unbreakable plastic.
- Made from extra-heavy-duty water - and chemical-resistant nylon.
- Extra stitching and material at stress points.

Versatile

- Includes shoulder Strap.
- Fits quart bottles, spray bottles, spotting bottles.
- Makes a great spotting kit or upholstery kit.
- Four large outside pockets for towels, brushes, measuring and metering devices etc.
- Extra-heavy-duty zippered closure.

Hard, leak-proof bottom.

Measures 18" x 9" x 12"

AX84 \$37.60

Florguard

Use Florguards when moving major appliances. Florguards will prevent damage to your floors from sharp edges and even the weight of the appliance. A heavy refrigerator can leave indentations in some floors - but not with Florguard! Strong and durable for use time and again. Set of two.

AX150 \$32.13

DRUM PUMP/PAIL PUMP

Tired of lifting and spilling contents of pails or using a siphon on a drum? Replace those old methods with these unique double action pumps. They deliver the chemical at low pressure in high volume. The design of the pumps results in no friction and no parts to wear or jam. Both pumps are compatible with acid or alkaline cleaning chemicals with solvents. Do not use with strong solvents.

Air King PIVOTING UTILITY BLOWER

NEW

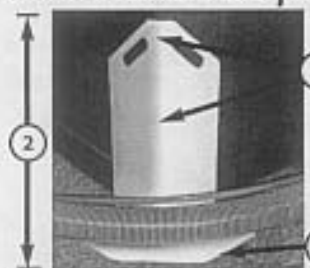

- Two 120 Volt Grounded Outlets
- Ten-Foot Cord with Grounded Plug
- Fully Assembled for Immediate Use

- Each unit draws only .75 amps
- One 15 amp circuit will run 20 blowers
- Plug-in one blower to the wall - then string 12 more blowers - one plugged into another
- Maximum air velocity - Air King is still pushing air 50 feet from the unit
- Direct air where needed with an infinite number of blower head positions
- Speed dry upholstery and carpet after

- cleaning or when spotting
- Flash dry hard surfaces after cleaning and mopping, or when applying floor finishes
- Use to cool you while working in the heat
- Plug other electrical tools directly into the Air King
- Flood restoration—Low amps, high air velocity, small size = quick structural drying
- Rugged, easy-to-carry handle

CORNER GUARD™ by Hydro-Force

These enhanced Corner Guards™ protect your customer's corners and prevent costly claims.

They have all the standard benefits:

- Prevent hoses from damaging paint or wall coverings
- Light-weight
- Non-marking plastic
- Unbreakable
- A set of three Corner Guards™ is adequate for most residential jobs.

Corner Guard™ has these valuable features:

1. **Gentle Rounding on Corner:** The corner guard has a graduated rounding on the corner. This allows the hose to pull past the corner smoothly, keeping the Corner Guard™ in place, especially when used on door jamb.
2. **Tall, Sleek Profile:** Not only does the Corner Guard™ look nice, it is 1.5" taller to help prevent the hose from riding over the top.
3. **Rounded Bottom Edges:** With the rounded edges, the bottom plate allows the hose to glide over the Corner Guard™ without catching.
4. **Carpet Grabbing Lip:** The bottom side that comes in contact with the floor has a carpet grabbing edge that keeps the Corner Guard™ in place.
5. **Optional Floor Rubber Feet:** These peel-and-stick rubber feet help hold the Corner Guard™ in place when it is used on hard floors.

Detection Light reacts to all urine accidents • Instantly spots fresh or old accident areas • Rugged • Built w/ metal grill that protects bulb • Lowers chemical cost by treating affected areas only!

A004 Light UV Plug In \$95.98

Regular Ultraviolet Light

This is the single long-bulb model. It is excellent for urine detection but works best when used in a dark room.

AX16 \$123.26

VAPORTEK

AIR TREATMENT AND ODOR CONTROL

Vaportek odor control systems provide immediate odor neutralization in situations where other methods may fail. These systems incorporate natural, non-toxic essential oils and odor neutralizing compounds in patented membrane cartridges that breathe a penetrating dry vapor into the air. Unlike fogging and ozone treatments, Vaportek products can be used in occupied structures. They will not harm people, plants or animals, or affect fabrics, rubber, adhesives and other materials and surfaces. The systems have been proven effective in fire and flood restoration, industrial and healthcare facilities--even in eliminating difficult-to-remove urine odors.

The Restorator

The Restorator is an ideal unit for treatment in vehicles and areas up to 20,000 cu.ft. Load the compact machine with an industrial cartridge and turn it on. Cartridges are rated for up to 200 hours of service. After initial restoration, secondary cartridges may be used to diffuse a pleasant scent into the area.

SOS-Smoke Odor Solutions

Vaportek now offers "S.O.S." fragrances that are specially formulated for use in fire and smoke restoration situations. The pleasant-yet powerful and effective-fragrance makes it ideal for treating smoke odors and enhancing the work environment for restoration specialists. The new S.O.S. formulation is available in cartridges for the Restorator and membranes for the VaporShark and Portable Industrial units.

IDEAL FOR

Protein Fires • Wood/Paper Fires • Synthetic Fires • Cigarette Smoke

HYDRO-ZONE
By HYDRO-FORCE

Don't let the compact size and sleek look of this ozone machine fool you. With a lifetime warranty on the patented ozone generating electrodes and body, this machine produces more ozone than machines three times its size.

\$815.76

- Eliminates smoke, pet odors, mold, mildew, and more.
- Excellent for freshening up cars, buses, boats, and aircraft.
- 2.65 grams/hr. 7.95 p.p.m.
- Effective for areas up to 40,000 cubic feet.
- 30-hour programmable timer with adjustable ozone output levels.
- Power supply overload protection.
- Tested and proven to maintain proper activated oxygen levels.
- High-density ceramic and stainless steel electrodes.
- No plates or UV tubes to maintain.
- Three-year limited warranty on parts.
- Lifetime warranty on ozone electrodes (patented) and body.

PureMist™ Fogger

The compact and stable PureMist™ fogger is the best choice for open-area and sub-surface deodorizing and disinfecting with water-based deodorizers and disinfectants. On fine settings, the PureMist™ atomizes 95% of its output to particles of 20 microns. On heavy settings, 95% of its output is below 60 microns!

Features

- ✓ Adjustable flow control valve
- ✓ Corrosion-proof supply tank
- ✓ Flexible, 32" directional hose
- ✓ Ultra high-speed, 2-stage motor
- ✓ Variable output (from 0-18 oz. per minute)

AS40 \$320.76

SONOZAIRE OZONE GENERATOR

By generating a stream of odor-destroying ozone from the oxygen in the air, this unit converts smoke odors into harmless, odorless CO2 and water vapor. Odors from smoke damaged carpets, etc. are banished forever. Then, the unused ozone simply reverts back to ordinary oxygen, leaving no perfume or unpleasant fragrance behind!

- Uses no chemicals, perfumes, or masking agents
- Actually destroys odor molecules
- Operates unattended
- Prevents odor from "returning"
- Portable; plugs into standard outlet

Removable stainless steel filters located in tank necks

AS39 \$1,605.57

GOLDEN EAGLE HOT FOGGER

The Golden Eagle is the ultimate tool for the professional restorer. With a truly "dry fog", this fogger breaks down solvent deodorizer to as small as .5-micron size and dispenses an amazing amount of fog in just a few seconds. The Golden Eagle comes with an electric starting system which eliminates hand pumping and increases reliability.

MMS PLUS By PROTIMETER

This meter is a complete moisture measurement system in one easy to use robust instrument. The hygrometer mode measures relative humidity, ambient temperature, dew point and grains per pound. The pin measure mode determines moisture content of wood and wood moisture equivalent in other building materials. Pinless measure mode uses radio frequency to detect moisture non-invasively.

AC101 \$1009.80

SURVEYMASTER By PROTIMETER

By PROTIMETER

Two Moisture Meters in One

The first meter to include both popular methods of measurement in one ergonomic design. The pinless mode finds moisture up to 1" below the surface and is not adversely affected by surface moisture. Change to pin mode and you can determine if the moisture is surface or sub-surface.

Complete with zip pouch, calibration check device and two AA batteries

AC99 \$543.51

HYGRO MASTER

Versatile Hygrometer measures relative humidity, temperature and dew point. Large LCD display in 0.1% increments.

AC103 \$316.80

LOW PERCENT RH SENSOR

Accurate measurement from 0 to 40% RH. Accessory to MMS Plus.

AC101A \$237.60

HAMMER ELECTRODE

Measures moisture to a depth of 1.38 inches. Can be used with MMS Plus and Survey Master.

AC102 \$1953.05

SONIN MOISTURE TEST TOOL

Great for cleaners, inspectors, contractors, adjusters and homeowners to find out if excess moisture is present. Press the metal contact into surface to determine extent of moisture problem. The more lights on, the higher the moisture level. 9 volt battery required (not included).

AC792 \$14.84

MOISTURE TEST METER

The moisture test meter is designed to alert users to possible moisture problems. The metal contacts at the end of a 3' coiled cable detect moisture present in difficult to reach locations. Extremely useful in water restoration, urine detection, etc.

DRI-EAZ**FIRST IN DRYING SOLUTIONS****DURABILITY. RELIABILITY. PERFORMANCE.**

You can count on Dri-Eaz to always seek newer, better, more customized solutions for your drying needs. Dri-Eaz leads the industry by constantly pursuing the latest evolution in water damage restoration. All equipment is built to withstand rugged use – designed to make jobs easy, fast, and efficient. You can rely on Dri-Eaz to be there with a

solution, to answer questions, and to offer training that will help you succeed. When you purchase Dri-Eaz, you know you're getting lasting solutions to your equipment needs.

EVOLUTION™ LGR

The first dehumidifier to pack advanced low grain refrigerant (LGR) technology into a compact design! Ideal for handling a small residential water claim on its own – or for use on a larger multiple-room drying job. An extremely versatile, user-friendly addition to your drying fleet.

- KEEPS WORKING IN DRIER CONDITIONS – where you need it most & when many other dehus stop working
- INCREDIBLY COMPACT
- STURDY, FOLD-DOWN HANDLE
- EASY PUMP ACCESS
- QUICK-RELEASE HOSE WRAP
- DRAWS JUST 5 AMPS!

NEW!

MICROBAN DISINFECTANT SPRAY PLUS

THE MICROBAN TREATMENT ON WATER LOSSES IS RECOGNIZED BY MAJOR INSURANCE COMPANIES!

Protects against germs and odor on virtually any surface. Antimicrobial action kills allergy and disease-causing germs, bacteria, fungi, mold, and mildew. Water-based, non-flammable bactericide, fungicide, deodorant, antimicrobial all in one unique formulation. One application kills mold, mildew, bacteria odors, and provides long-lasting residual protection. Microban is EPA approved for many decontamination applications including sewage backups, removal of carcasses, etc. Microban kills gram negative bacteria, the bacteria encountered in sewage backups, and toilet overflow situations. Microban is EPA approved for both spray and fogging applications. Excellent for decontaminating textiles, mattresses, bedding, etc. Microban Disinfectant Spray Plus has no insecticidal capabilities. (Not available in Canada/California)

Mixing: Use full strength. Do not dilute.

RED RELIEF Revolutionary Red Dye Remover

REVOLUTIONARY RESULTS - Gets all the red out every time. Compare Red Relief to all the other heat-release products. You will be amazed.

UNPARALLELED SAFETY - This product is safe on carpets and fabrics where other products would discolor or bleach the item. Use lower temperature and still have a much better result.

ECONOMICAL - Red Relief is a two-part product that activates on mixing. You will find yourself using less product than with the competitors' brands.

USAGE: Two-part chemical system that, when mixed together, creates a stable formula for direct application to red stains and others that were once thought impossible to remove. Read instructions completely before use.

STAIN MAGIC Furniture Stain Remover and More

REMOVES - Stains that were thought to be impossible to remove are now simply vanishing. Furniture stains from wood, wine, mustard, coffee, tea, urine, vomit, feces, potted plant, etc.

WORKS ALONE - For most stains, heat is not necessary to accelerate action. Mustard may be the exception here.

ECONOMICAL - Stain Magic is a two-part product that activates on mixing. A small amount of product will remove stains that would never come out with typical spotting techniques.

USAGE: Stain Magic is a two-part system that, when mixed together, creates a stable formula that should be used within 15 minutes for best results. Suitability of Stain magic on any particular stain or fiber is to be determined by the professional before spotting.

**No More Mixing!
Red Relief and Stain Magic
Dual Chamber Sprayers**

This sprayer is metered to automatically mix equal parts solution A with solution B. The sprayer is packaged with Red Relief and Stain Magic as new product line items. Sprayers are not sold separately. They must be purchased with Red Relief or Stain Magic as a set.

fits any Hydro-Force
in-line sprayer!

STEAMBRITE.COM SUPPLY

Teflon® Advanced Carpet Protector

Provides more repellancy than other carpet protectors

Teflon® Advanced offers the best repellency and surface tension of any water-based product on the market. This will provide extra time to clean up spills, minimize wicking and the spreading of stains.

Effective on all types of carpet, even those with built-in soil and stain protection. Teflon® Advanced is CFC and solvent free and leaves no unpleasant odor.

Now
Freeze/Thaw
Stable!

USAGE: Pump and electric sprayers: dilute one part Teflon® Advanced with four parts water. Hydro-Force™: remove metering tip and apply without dilution. Or adjust your Revolution® to the 1:4 ratio. Diluted gallon covers 200 sq. ft. of carpet.

Teflon® Advanced For Wool

Teflon® Advanced for Wool is a fluorocarbon water-based product specially developed to protect wool carpets from wet and dry soils. Teflon® Advanced for Wool is used on clean wool carpets to form an invisible shield around each carpet fiber to resist soil and stains, keeping the carpet looking cleaner for longer periods of time. Teflon® Advanced for Wool carpeting will also provide water repellency to most clean, detergent free carpets. The repellency provided will enable most liquid spills to be removed before staining and wicking can occur.

ANTI-ALLERGEN DEODORIZER

Anti-Allergen Deodorizer does not contain perfumes, solvents or pesticides. Uses an oxidizing agent to counteract pet urine and other malodors.

Item#	Package	Price
CG50GL	1-gal	\$32.35
	Case of 4	\$30.74 x 4

ANTI-ALLERGEN FILTER ENHANCER

Anti-Allergen Filter Enhancer is a consumer treatment for new filters that traps allergens but does not affect the air flow through the system.

Item#	Package	Price
CG540T	1-qt	\$8.43
	Case of 12	\$8.02 x 12

CARPET INSTALLATION AND REPAIR TOOLS

RAZOR BLADE KNIFE

Uses CT024
Blades

- Safety-guards to keep blade firmly in place
- Easy-open knob with bail to make blade changes more convenient
- Checkered handle for a slip resistant grip
- Rugged lightweight precision die cast aluminum with long-lasting baked epoxy finish
- Handle stores additional heavy duty slotted blades, three

AK022 \$6.09

HEAVY DUTY SLOTTED BLADES

- 10-blade blistercard
- Fits the GT Conventional Carpet Trimmer, Cushion Back Cutter, GT Loop Pile Cutter, and many more.

AK024 \$2.72

10" AVIATION SNIPS

- Powerful leverage allows easy metal cutting
- Serrated blades prevent slip-out
- Cut notches, shallow curves or straight cuts
- Vinyl covered handles for comfort

AK034 \$15.30

COOL SHIELD® HEAT BOND IRON

The Cool Shield Heat Bond Iron melts heat bond tape quickly and easily while maintaining the cooler top shield temperature.

Even on the highest setting of 425° the 482G reaches a maximum heat shield temperature of only 256°.

- Patented double heat shield minimizes deforming of carpet backing and face yarn
- Top heat shield stays up to 175° cooler than sole plate
- "S" shaped heating element provides even heating of sole plate
- Grooved Teflon® base for fast, easy clean-up
- "Comb Profile" end on base plate forms ridges in adhesive to the end of the seam
- Streamlined, low profile design allows for easy carpet seaming
- 3-way cord guide keeps cord out of the way

AK044 \$117.76

CARPET PULLER

- Unique design provides maximum pulling power
- Serrated clamps provide firm carpet grip
- Large comfortable handle
- Solid die-cast aluminum

AK062 \$23.27

Replacement Blades 100 pk. AK054 \$3.94

GT CONVENTIONAL CARPET TRIMMER

- Trims carpet neatly at the wall and under toe kicks
- Five positions folding handle moves easily in hard to reach areas
- Quick and positive vertical and horizontal adjustment
- Re-designed blade holder, anti-slip rubber handle and hardened stainless steel guide
- Includes 20 Heavy Duty Slotted Blades

AK026 \$54.05

DELUXE KNEE KICKER

- Length easily adjusts from 17" to 21"
- Lightweight, durable die cast aluminum body
- Exclusive non-slip checkered hand grip
- Foam-filled seamless bumper pad
- Easy to read, easy to adjust pin depth dial
- Center grooved head for adjusting power stretcher head
- Comes with a custom molded carrying case

AK042 \$98.51

DUCKBILL NAPPING SHEAR

This is a must for cleaning and installation technicians. Duckbill design lays flat on the carpet while curved handles keep fingers above the carpet.

AK023 \$26.67

STRIP CUTTER

- Long jaws cut architectural strip
- Powerful cutting force - 8 to 1 leverage
- Rugged, forged steel construction
- Blade storage in handle

Uses replacement blades: CT010

AK008 \$39.04

STRIP CUTTER BLADES

- 1.86" long x .45" long x .038" thick
- 6-blade blistercard

AK010 \$2.92

CARPET SHEARS - 10"

- Made from the finest quality high carbon steel
- Superior cutting ability and durability
- Accommodates large hands comfortably with extra wide, cushioned handle openings
- Knife edge sharpens easily on stone

AK014 \$29.65

CARPET SHEARS - 12"

- Made from the finest quality high carbon steel
- Superior cutting ability and durability
- Accommodates large hands comfortably with extra wide, cushioned handle openings
- Knife edge sharpens easily on stone

AK016 \$54.35

NAIL DRIVING BAR

- Constructed of cold forged carbon steel for an extra long life
- Features a magnetic head to hold nails in place for easy starting
- Unique design to access hard-to-reach places such as: under radiators, toe kicks, overhangs and next to glass doors
- Soft, no-slip handle

AK030 \$42.32

CARPET INSTALLATION AND REPAIR TOOLS

3 1/2" SOLID WHEEL CARPET SEAM ROLLER

- Reduce "pocking" and deformation of carpet yarn with solid nylon rollers
- Rugged stamped steel frame and large angled handle provide firm grip

AK006 \$18.75

ADHESIVE APPLICATOR

- Designed to apply seam sealer to carpet backs
- Applicator nozzle; 8 oz. plastic squeeze bottle

AK070 \$1.58

CHALK REEL

- Special formula prevents caking and clotting

AK038 \$10.44

8 oz White Chalk AK040 \$2.38

CUSHION BACK CUTTER

- Cut all thicknesses of cushion-back carpet and conventional carpet with adjustable blade depth
- Two blades that lock into position for close, precise cutting
- Direct-pressure blade knob holds blades tightly in place
- Constructed of stainless steel for maximum durability
- Ergonomic grip for comfort and control
- Includes 15 Heavy Duty Slotted Blades

AK018 \$29.65

GT LOOP PILE CUTTER

- Efficiently cuts most loop pile carpet regardless of thickness
- Unique two-blade design accommodates both left and right positions for cutting closer to the yarn edge
- "Direct Contact" locking design keeps blades securely in place
- Throat opening adjusts automatically for different carpet backs
- Throat opening adjusts automatically for different carpet backs
- Allows for better cutting angle and easier blade insertion
- Constructed of stainless steel for maximum durability
- Ergonomic grip for comfort and control
- Includes 15 Heavy Duty Slotted Blades (Uses CT024 Blades)

AK020 \$32.67

DELUXE GRIP POUCH

- Holds tools firmly in place with special leather insert grips
- Perfectly constructed of 100% leather and double stitching
- Slotted to fit directly on the belt
- 1 1/2" x 4 1/2" x 3/4"

AK032 \$13.07

ELECTRIC STAPLER

- Powerful, 15-amp solenoid delivers more power to drive staples deeper
- Ergonomic non-slip handle for maximum comfort and control
- Quick-release bottom loading magazine for fast reloading (84 staple capacity)
- Hardened driver mechanism that shoots 20-gauge, 2/16" crown staples
- Extra-long power cord for added maneuverability on a jobsite
- Compact design for difficult to reach areas
- Includes custom molded carrying case

AK012 \$127.71

CARPET SEAM ROLLER

- Extra wide 5" head reduces dishing in seam area
- Durable and lightweight superior die cast handle
- Moves forward and backward without altering position of carpet backing
- Get stronger seams and increased hot melt transfer into carpet back with stationary roller shaft

AK004 \$19.75

GT POWER LOK STRETCHER

- Power-Lok switch handle locks into 17 different "stretch/pattern holding" positions
- Unique swivel head for stretching angles or corners
- Variable pin penetration for different carpet thickness
- A standard set includes one power unit, tail block with wheels, three 3' extension tubes, Quik Lok tube, and the wheeled carrying case

AK066 \$449.21

JUNIOR POWER STRETCH

- 18" spring-loaded tail block with wheels provides additional support
- Stretch up to 23-1/2' with tubes
- The low profile head is easy to span with the knee kicker
- A standard set includes one power unit, tail block with wheels, three 3' extension tubes, Quik Lok tube, and the wheeled carrying case

AK068 \$366.30

BASE MOLDING LIFTER

- Specially curved design with notched ends for easy nail removal
- Engineered from high carbon forged steel

AK046 \$12.52

4" GLUE STICKS

- Excellent for most carpet and sheetgoods excluding vinyl backs
- Make repairs disappear with our translucent hot melt glue stick that cools almost clear
- 1/2" diameter fits most glue guns
- 30 per box

AK072 \$5.54

DELUXE GLUE GUN

- Works twice as fast as conventional glue guns
- Double powered solid state heater warms up in just three minutes
- Extrudes up to 2-lbs. of glue per hour
- Fits easily into carpet seams and hard-to-reach areas with its extra long nozzle
- Spring-loaded trigger eliminates glue back-up and gun damage
- 80 Watts at 400°F

AK074 \$50.29

CARPET INSTALLATION TOOL KIT

- Includes: 24" metal tool box, deluxe knee kicker, GT conventional carpet trimmer, cushion back cutter, carpet seam roller, razor blade knife, utility knife, base molding lifter, leather tool pouch, ripping hammer, napping shears, stair tool, seam adhesive applicator, chalk reel and white chalk refill

AK052 \$366.13

LINOLEUM KNIFE

- Cuts linoleum, vinyl sheetgoods
- High carbon steel blade
- Makes accurate, even cuts without burrs

AK028 \$3.27

FLOOR/WALL SCRAPER

- Angled head provides "clean shaving" cutting action, perfect for stripping floors, walls and wallpaper
- Features three blade clamp screws for maximum blade holding power and flexgrip anti-fatigue vinyl hand grip

AK036 \$7.87

MULTI-PURPOSE ADHESIVE 3000

- A solvent-free, standard-grade, late-based multi-purpose adhesive.
- Good slip time
- Excellent grab
- Rated for residential or commercial application

AK080 \$7.85

XTRA 340 HEAT BOND TAPE

- The unique adhesive formula provides extra adhesion, extra quick initial grab, and extra long working time.
- Heavy woven fiberglass scrim provide extra stretch holding power
- Specifically for heavy commercial installations
- Low smoke and odorless
- Environmentally safe hot melt adhesive

AK076 \$7.67

SOLVENT-FREE UNIVERSAL CARPET SEAM SEALER

- A solvent-free adhesive for seaming carpet edges to prevent unraveling and/or delamination of carpet backings and yarns, and to repair bubbles in installations. Use with polypropylene, jute, urethane, latex unitary and woven backed carpets.
- Dries clear
- Easy clean-up while wet
- Refillable applicator bottle
- Rated for residential or heavy traffic commercial application

AK078 \$10.87

RUBBER Mallet

- Multi-purpose rubber mallet is great for tapping down metal moldings
- Sturdily constructed 20 oz. white rubber head on a tapered hickory handle

AK048 \$19.06

STAIR TOOL

- Use to set carpet into tack strip, drive carpet into gullies and crease carpet along wall line
- Cushioned, slip-resistant handle
- Checkered head prevents hammer from slipping when securing carpet
- Heavy duty blades easily set carpet into stairway crevices
- Made from forged, chrome-plated steel for durability

AK050 \$18.27

ADJUSTABLE STRAIGHT EDGE

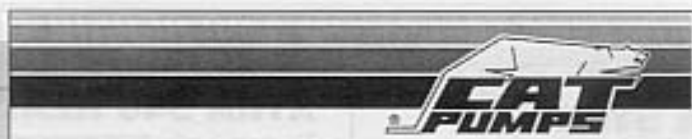

- Easily extends from 19 1/2" to 36 1/2" with handy one-knob adjustment
- Extra light aluminum construction
- Conveniently small to fit in tool case

AK060 \$22.72

PCA31628	Kit Seal	For Cat 5CP Pumps	PP15-808083	Valve Temp Relief	180° Thermo Relief Valve Used on all Prochem Heat Exchange Machines and Bridgepoint Lancer / Saber
PCA31821	Kit Valve	For Cat 5CP Pumps			

Force 250 POWER UP YOUR PORTABLE

This easy-to-install kit fits virtually every portable and converts any 50, 100 or 150 psi portable into a powerhouse with 200 psi working pressure. With low amperage draw (1.4 amps), the Force 250 runs without added electrical cords. The pump mounts horizontally or vertically. Pumps 200 psi with a number "04" jet at .89 gpm. **SPECIFICATIONS:** 200 psi with "04" jet; 1.7 Amp motor with inline rectifier; external bypass (included); height: 4"; length: 9"; width: 6"; weight: 12 lbs. Includes: pump, 120-volt motor, pressure regulator, pulse hose and fittings to assemble.

AS250R \$295.47

HEAVY DUTY WASTE PUMP OUT

This heavy duty waste pump out is ideal for large commercial applications and deflooding jobs. This durable pump out can run dry without damaging the unit and pumps 5 gallons per minute. The diaphragm design means problem free pumping even with gravel or large particles in the flow - and there's no filter screen to clean!

PP66-945533 \$1,123.32

On demand - they pump only when flow is required. Self-Priming and can run dry without harm. Replacement pumps to fit virtually all portable extractors and sprayers.

FloJet SOLUTION PUMPS	PUMP#	DESCRIPTION	PRICE
	AP22	100 psi, demand flow, EPDM, chemical resistant carpet extraction pump	\$125.63
	AP38	New technology. 12 Volt fresh water feed pump. Sensor controlled variable speed drive eliminates cycling giving only what your machine demands.	\$249.83
	AP25	100 psi, demand flow bypass with viton. New Flojet Generation II Pump. Excellent flow curve. Will run carpet or upholstery tool without cycling.	\$125.68
	AP20	50 psi, demand flow, EPDM - chemical resistant carpet extraction pump	\$104.62
	AP28	50 psi, internal bypass, Viton - highly chemical and solvent resistant pump for carpet and upholstery extractors and sprayers	\$107.94
	AP26	40 psi, 12-volt 3.6 GPM demand flow freshwater transfer	\$102.87
	AP30	55 psi, Fits Hydro-Force Power Spot, Prochem Spot Pro, Diamondback and Century Spotting Machines	\$39.55
	AP33	12-volt, 40 psi, demand	\$107.42
	AP34	Replacement pump for AP36 water feed system	\$116.79
	AP36	Water feed system for freshwater tank (see page 31)	\$273.79
AP38	VSD (See page 31)	\$207.21	

SHURFLO SOLUTION PUMPS

Perfectly suited for our industry. These pumps come in 45 psi and 100 psi with either a bypass or a demand system. The 100 psi pumps are designed for portable extractors. These Shurflo diaphragm pumps hold up well with everyday use. Replacement pumps for all portable extractors and sprayers.

AP06	100 psi, demand flow, EPDM, chemical resistant carpet extraction pump.	\$121.13
AP10	100 psi, demand flow with internal bypass, Viton - chemical and solvent resistant carpet and upholstery extraction pump.	\$138.11
AP04	45 psi, internal bypass, EPDM - chemical resistant pump for carpet, upholstery and sprayer.	\$103.77
AP08	45 psi, 12 volt 3.6 GPM demand flow freshwater transfer.	\$93.56
AP12	150 psi, demand flow, EPDM, chemical-resistant carpet extraction pump.	\$168.27

JET WEAR

When used in carpet and upholstery cleaning equipment, brass jets should be replaced every six months and stainless jets once a year. Although difficult to detect, jets do wear out and can contribute to uneven cleaning, loss of heat and change of chemical draw.
