

SMALL SIZE, BIG ATTITUDE

THE MINI-TRADEWIND IS A REVOLUTIONARY NEW AXIAL FAN. IT IS BOTH SMALLER AND LIGHTER THAN COMPETING UNITS, WITHOUT SACRIFICING POWER! IT FEATURES 27 CFM, A BUILT-IN CORD WRAP, AND IS STACKABLE FOR STORAGE AND TRANSPORT.

THE UNIT ALSO CAN BE PAIRED UP WITH OUR OPTIONAL “CENTER OF THE ROOM” DRYING DIFFUSER, WHICH ALLOWS FOR QUICK AND EFFICIENT CENTER OF ROOM DRYING.

With the
MINI-TRADEWIND™
—you’ll enjoy these
MYTEE advantages:

VERSATILITY

The Mini-Tradewind is the perfect size for getting into tight areas, such as crawlspaces, attics, closets, and more. It is also the perfect size for drying the interiors of automobiles, rv’s, and boats after detailing. With the optional “Center of the Room” drying diffuser (item #2702), it is perfect for center of the room drying.

PORTABILITY

Not only is the Mini-Tradewind compact, it is also light weight. It also features a built in wrap on the handle, which allows for easy cord storage during transport.

MINI-TRADEWIND™ AIRMOVER

CONVENIENCE

The Mini-Tradewind features a 25’ power cord which allows you to use it far from the power outlet when needed. Additionally, the optional transport handle (item #2701) can be used to easily wheel the air mover from job to job.

STORAGE

The Mini-Tradewind is stackable for storage – even with the optional casters and diffusers installed! This, combined with its small footprint, allow for a large number of blowers to be stored in a relatively small area.
