

Cleanfix Floor Care Program

Simply clean.

The PARROT (RA 300 E)

... is **the** labor-saving alternative to mop & bucket!

Cleaning capacity of 8 mop buckets!
3 times as fast and really clean!

Fully adjustable and foldable telescopic handle

This compact scrubber is designed for daily maintenance cleaning of smaller areas and tight spaces. The PARROT cleans over 1,000 sq.ft. without changing the cleaning solution; and unlike mop & bucket the PARROT always uses clean solution and truly removes dirty solution and dirt from the floor. The PARROT leaves floors clean, dry and non-slippery. Floors are ready immediately.

Loaded with features ...

- Scrubbing and pick-up in forward and reverse
- Double-scrubbing for even heavily soiled and greasy floors
- Scrub wand operation for hard to reach areas and low clearances
- Removable tank for easy filling and emptying

The fully adjustable handle folds onto the machine for storage and transportation. If you can store a mop bucket you can store a Parrot.

Prevent and avoid costly slip-and-fall hazards.

Ships complete! Out of the box ready to go!

Easy filling and emptying

Compact for convenient storage and transportation

Counter-rotating brushes and raisable squeegees

Optional: Pad driver and pads

Technical data	Parrot (RA 300 E)
Working width	13.5 in
Squeegee width	15 in
Solution capacity	3.5 gal.

Two (2) 12 V wet or gel batteries	
Full automatic battery charger	

User-friendly control panel with universal symbols and key switch

Variety of brushes and pads

Ideal for maintenance cleaning with up to 20,000 sq.ft. without re-filling!

This twin-disc auto-scrubber is designed to thoroughly clean large areas while the compact design even allows going into narrow spaces.

- Controls at your finger tips to operate all functions
- Large capacity and adjustable flow rate for coverage of up to 20,000 sq.ft. with one tank
- Variable speed drive for effortless cleaning and smooth operation
- Easy fill, easy drain and no set-up time
- Low voltage protection to prevent battery damage

The RAVEN has the most compact design and provides the best maneuverability and visibility found with auto-scrubbers in its class.

The muscle man that lives up to his promise!

The new generation EAGLE (RA 701 B)

... gets the job done fast, easy, economically!

Technical data	Eagle (RA 700 B)
Working width	28 in
Squeegee width	36 in
Solution capacity	23 gal.
Recovery capacity	23 gal.
Brush motor	750 W
Vacuum motor	400 W
Drive motor	400 W
Brush pressure	100 lbs.
Brush speed	200 rpm
Power supply	24 V DC
Run time	up to 4 hrs.
Incline potential	10 deg.
Weight (machine only)	316 lbs.
Weight (with batteries)	588 lbs.
