NEPTUNE DEHUMIDIFIER

EBAC MANUFACTURES WORLD CLASS DEHUMIDIFICATION EQUIPMENT FOR THE PROFESSIONAL WATER DAMAGE AND CARPET SPECIALIST. WE DESIGN THEM, MAKE THEM, MARKET THEM AND BACK THEM. IT DOESN'T GET ANY SIMPLER THAN THAT!

Applications:

The Neptune is a compact, portable dehumidifier designed to provide humidity control for a wide range of applications, including water damage restoration and dehumidification of permanent commercial, industrial and residential spaces.

Features:

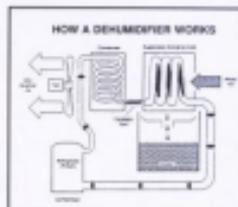

- | | |
|---|--|
| 1) Super high efficiency rotary compressor. | 4) Light, compact portable design. |
| 2) Low amp draw. | 5) Extra long power cord. |
| 3) Up to 12 gallons per day water removal. | 6) Temperature sensitive "Hot Gas" defrost system. |

Specifications:

MODEL:	NEPTUNE
Compressor:	5,600 BTU/HR (11.0 EER)
Refrigerant:	R - 22
Power Supply:	115V / 60Hz
Amps:	5
Capacity:	12 gallons per day
CFM:	282
Dimensions:	15" x 13 3/4" x 24"
Weight:	60 lbs.

OPERATION:

The effective answer to excessive humidity is a refrigeration-type dehumidifier. Warm moist air is drawn by a fan across a cold coil which causes the water vapor to condense onto the coil and drop into a container or tray. The cold air is then passed over a heat exchanger where it is warmed before being passed back into the surrounding area. Continuous circulation of air throughout the dehumidifier gradually reduces the relative humidity within the area.
