

## TRITON DEHUMIDIFIER

*EBAC MANUFACTURES WORLD CLASS DEHUMIDIFICATION EQUIPMENT FOR THE PROFESSIONAL WATER DAMAGE AND CARPET SPECIALIST. WE DESIGN THEM, MAKE THEM, MARKET THEM AND BACK THEM. IT DOESN'T GET ANY SIMPLER THAN THAT!*

### Applications:

The Ebac Triton Professional Dehumidifier is the ideal unit for commercial and residential work. Its compact size permits one-man operation, yet has the capacity to handle several room-size areas at a time. Best of all, it's affordably priced within the budget of most restoration specialists.

### Features:

- 1) Super high efficiency rotary compressor.
- 2) Wheels and folding handle.
- 3) Low amp draw. (2.5 RLA)
- 4) 12+ gallons per day water removal.
- 5) Light, compact portable design.
- 6) Internal condensate pump.

### Specifications:

Model: TRITON

Capacity: Up to (58 pints/day @ 80°F/60%)  
12+ gallons per day

Compressor: 5,600 BTU/HR (11.0 EER)

Amps: 2.5 RLA (Running Load Amps)

Refrigerant: R-22

CFM: 282

Power Supply: 115V/60HZ

Length: 15 1/2", Width: 19 1/2", Height: 29"  
Weight: 75 lbs.

### Operation:

The effective answer to excessive humidity is a refrigeration-type dehumidifier. Warm moist air is drawn by a fan across a cold coil which causes the water vapor to condense onto the coil and drop into a container or tray. The cold air is then passed over a heat exchanger where it is warmed before being passed back into the surrounding area. Continuous circulation of air throughout the dehumidifier gradually reduces the relative humidity within the area.
