Husqvarna 501899701, Orange 3PCS Diamond Grinding Single Segment, 100Grit XSoft RediLock, ENO25, 805544986861

1 set of 3

Used on the following Husqvarna floor grinders: PG 820, PG 680, PG 530, PG 450, PG 680 RC, PG 510, PG 400, PG 280 that use Redilock segments.

Optimal rated for Concrete hard and semi-polished concrete
Acceptable rated for vinyl glues, paint, thin epoxy, thick epoxy.

SOLD IN 3-PACKS

- * X-Soft bond, made for very hard surfaces
- * Grit options from 20 / 30 / 50 / 100
- * Optional single or double segment
- * 13mm segment height

Benefits

- * Changing the size of the diamond grit to a smaller particle / grit size will affect the performance of the diamond tool in the following ways:
 - * Working with a single segment will increase the pressure on each segment.
 - * Working with a double segment will decrease the pressure on each segment, reducing the wear rate on the diamond segments. This will lead to a smoother scratch pattern, and will also reduce the load on the machine.
- * Half Set Diamonds placed at three alternating positions on the diamond holder disc (diamonds at four alternating positions).
- * Full Set Diamonds placed at each of the six positions on the diamond holder disc (diamonds at all eight positions).
- * Power and Weight - The power of the machine is a very important factor. A

>

more powerful machine enables the operator to choose harder bond tools.
