Husqvarna 970652302, Air Scrubber A25, 120V, 1ph, 0.4hp, Dust & Slurry Management, GTIN 805544604987

Manufacturer: Husqvarna Equipment

Husqvarna 970652302, Air Scrubber A25, 120V, 1ph, 0.4hp, Dust & Slurry Management, GTIN 805544604987

Description

The A25 is part of our latest generation of air cleaners, developed with a whole new level of intelligence and mobility to meet customer demands. Recommended for spaces up to 25 m²; in a single-use set up. A colour-coded visual alarm clearly indicates the filter status. The innovative units are compact and stackable – an advantage when it comes to maintenance, transportation and handling. The A25 can be used as both an air cleaner and a negative air machine. Two- or three-stage filtering captures various particles commonly produced on a construction site, including silica dust and wood dust, as well as dust from metal, gypsum and other materials. The active carbon filter is available as an option.

Features

- Multi-level monitoring of filter saturation
- Water-protected for easy decontamination
- Easy to transport
- Easy to maintain
- Smart storage
- Thoroughly tested essential filters

Specification

Motor

Rated input power

0.4 hp

Phases

1 ph
