Model Number: SS1404-04-04

316 Stainless Pipe Swivel 1/4 MNPT X 1/4 FNPSM Not Live Fitting SS1404-04-04

Manufacturer: Clean Storm

Product Overview: SS1404-04-04

This fitting is commonly used in high-pressure hydraulic and fluid systems, especially where corrosion resistance and compact swivel connections are needed.

- Type: Stainless steel pipe swivel fitting
- Connection: 1/4" NPTF male x 1/4" NPSM female
- Material: SS316 stainless steel
- Use Case: Hydraulic, pneumatic, and industrial fluid systems
- Standards: ASME B1.20.1, SAE AS71051
- Comparable to: Aeroquip 2045, Parker 107, SSP PS-C
- Not live means it only swivels during assembly, and after it is assembled, the swivel action stops. To remove the part, swivel action can be broken lose again.
- Item does not offer swivel action under pressure.
- 

Brand : STAINLESS ADAPTERS

Connection Size 1 : 1/4 in

Connection Size 2 : 1/4 in

Connection Type : MNPT|FNPSM

Connection Type 1 : MNPT

Connection Type 2 : FNPSM

Dimensions : 1.44 in L

Fitting Type : Adapter

Material : Stainless Steel

Material Construction : 316 Stainless Steel

Pressure Rating : 5000 psi

Temperature Rating : 1000 deg F

Thread Size : 1/4-18
