PowrFlite Ww1000 Wonder Wand 3 Jet Tool

Manufacturer: Powr-Flite

PowrFlite WW1000 Wonder Wand 3 Jet 1000 P.S.I. 1.5 in pipe
Description

For use with Full size extractors

The Wonder Wand, high performance, specialty wand, outperforms any other wand. You simply won't find another wand that is this easy to use with cleaning performance that tops the list. The easy-to-use Wonder Wand glides effortlessly across all types of carpet, dramatically reducing operator fatigue and stress injuries. With a Wonder Wand you work faster and with significantly less effort. You easily get more work done in less time, without the aching back and shoulders at the end of the day! The Wonder Wand's patented technology never lets the solution come to rest on the carpet. This "solution control" process allows more solution to be pushed through the carpet fibers without soaking the backing and pad. Solution is recovered instantaneously. As a result, carpets dry much faster! The Wonder Wand recovers as much as 30% more solution than conventional wands. The patented air induction Wonder Wand atomizes high velocity solution to "scrub" each individual fiber and simultaneously recover the solution to prevent over wetting. The patented design provides complete solution control for maximum recovery. Building the unique roller system allows you to roll the wand forward and back. No need to lift the wand! The final filter and quick release spray jets reduce clogging and provide for easy maintenance.

Features

- Final filter and 3 quick release spray jets reduce clogging and easy maintenance
- Extra heavy-duty 1000 p.s.i. valve with die cast metal trigger.
- Air induction head atomizes high velocity solution.
- Hyper-charged droplets penetrate and scrub each individual fiber.
- Solution is kept under constant vacuum control.
- Solution is simultaneously recovered
- High Quality Powr-Flite Equipment and Supplies
- Commercial Grade
- Innovative Design
- 30% more solution is recovered
