Most carpet cleaners today still use the old manual scrub wand method simply because it has been around for over 40 years. Using a manual wand requires a great deal of physical labor and only cleans from two directions, often producing only mediocre results. The manual wand is old technology and offers nothing new or different to market to your customers

Rotovac 360i Product Details

The Rotovac 360i is a Patent Pending Rotary Extraction Power Head that utilizes rotary vacuum heads to thoroughly deep clean carpet with hundreds of multi-directional cleaning passes. The 360i weighs only 39 lbs and is extremely easy to use as it operates in a self propelled side to side motion. Simply stated, “The 360i cleans better with less effort.”

Features:

Cleans better with less effort

- Interchangeable heads for all type of Carpet and Tile Cleaning
- User friendly, weighs only 39lbs
- Telescoping handle for cleaning stairs and compact storage
- Durable Construction with Cast Aluminum and Stainless Steel Frame
- Unique Marketing Tool to land new accounts and generate referral business
- Industrially Engineered for Professional Use
- Made in the USA
- Variable Head Speed Control

The 360i is equipped with a variable head speed control dial on the handle to allow the operator to adjust the head speed from 0 to 250 RPM.

This feature allows the 360i to adapt to all carpets from direct commercial glue downs to plush installed over pad residential carpeting. Glue down carpet may

>

require a slower head speed for smooth operation and maximum recovery while installed over pad plush carpeting may need a faster head speed for best results.

Works with any Portable Extractor or Truck Mount

The Rotovac 360i is air flow calibrated to work with any portable or truck mount extractor that uses a standard 12" wide cleaning wand. Give your business a boost and your back a break by hooking up the 360 to your existing portable or truck mount.

Carpet Cleaning Head:

The New Rotovac 360i is a Rotary Jet Extraction Power Head that utilizes rotating vacuum heads to thoroughly deep clean carpet with hundreds of multi-directional cleaning passes. The new and improved carpet cleaning head is equipped with 3 stainless steel shoes and three spray jets to create less overspray, more agitation and quicker dry times.
