Model Number: U1560-AC67

PMF U1560-AC67 Open Spray 3.5Inch Wide Stainless Steel Hand Wand 400Psi Aluminum Valve View Window Upholstery Tool

Manufacturer: Production Metal Forming

PMF U1560-AC67 Open Spray 3.5" Stainless Steel Upholstery Detail Tool with View Window

The PMF U1560-AC67 is a professional 3.5 inch wide open-spray stainless steel upholstery and auto-detailing hand tool with a clear dirt-viewing window. The viewing window lets the operator see soil and rinse water as it is being extracted, helping confirm when fabric, auto interiors, cushions, and detail areas are properly flushed.

Key Features

- 3.5 inch wide detail head for upholstery, stairs, auto interiors, mattresses, cushions, and tight cleaning areas
- Clear dirt-viewing window helps monitor rinse water and soil recovery
- Open-spray design for visible spray pattern control
- Stainless steel pipe, spray nozzle jet, nuts, and bolts
- Dual overspray control holes
- 1.5 inch vacuum tube with dirt viewer
- 6 inch low-pressure / low-temperature hose whip
- Made in the USA by Production Metal Forming / PMF
- Quick disconnect coupler is not included unless selected from the options menu

Important Pressure Note

PMF's factory listing shows U1560-AC67 as the 300 PSI low-pressure whip version, while U1560A-AC67 is the 400 PSI high-pressure whip version. Please verify whether this page should remain U1560-AC67 or be corrected to U1560A-AC67 if the intended product is the 400 PSI aluminum valve model.

Best Uses

- Automotive carpet and upholstery cleaning
- Furniture and fabric detail cleaning
- Mattress cleaning
- Stair edging and spot/detail work
- Portable extractor and low-pressure upholstery applications

What You Get

- PMF U1560-AC67 stainless steel 3.5 inch open spray detail tool
