

Model Number: AH204

AH204 Flash Cuff 2" Female X Thread on 2" Vac Hose 1601-1227 112021

Manufacturer: HydroForce

Hydroforce AH204 Flash Cuff 2in Female X Thread on 2" Vac Hose 1601-1227 112021

#### Description

Tired of hoses coming apart?

Tired of inferior locking and swivel cuffs?

Tired of premature cuff replacement?

The Flash Cuff® takes durability and innovation to the next level! Rugged construction and a unique design ensure that twisted hoses and cuff replacements are a thing of the past. Additionally, the Flash Cuff® both swivels and locks - no need to choose one feature over another.

#### Features

Improved Productivity

- Tighter connections between cuffs decreases the amount of air lost - leading to faster drying times.
- Virtually indestructible; we've driven a truck over this, enough said!
- Cuff allows your hoses to swivel - don't spend your time untwisting tangled hoses.
- Easy push-button lock keeps your hoses together whether you're going upstairs or around corners.
- Inside diameter of the cuff is the same as that of the hose, keeping turbulence to a minimum and increasing air flow.

#### Innovative Design

- Tapered ends and shorter length allow the Flash Cuff to fit on the hose reel and keep its shape better than competitive products.
- Don't worry about your cuff coming apart, our push-button lock design eliminates unwanted cuff release.
- Flash Cuff® doesn't have any small, easily breakable parts like competing cuffs
- Locking design and swivel in one cuff - you don't have to choose one feature over another
