Model Number: 76-160

Sapphire Scientific 76-160 Signature EX Deodorizer (4/1 Gallon Case) SOLVENT

Manufacturer: Chemspec

Signature EX Deodorizer

Solvent-based for long lasting deodorization

Signature EX is a blend of evaporative control solvents and essential oils carefully selected to generate a vapor barrier that traps malodors on surfaces. The essential oils counteract those malodors before they become noticeable.

This solvent-based deodorizer continues to release the Signature Fresh fragrance into the air far longer than water-based deodorizers. Your best choice for really tough odors especially pet-based odors where injecting a deodorizer into the carpet pad is needed.

Signature EX can be used by itself or in conjunction with other products such as Sapphire Scientific Pet Odor and Stain Pre-spotter and Sapphire Scientific Pet Odor and Stain Treatment. See label for instructions.

Sold as Case of four 1 gal. (3.8 L) bottles

Re-order 76-160

Appearance Transparent yellow liquid

Odor Signature Fresh

Flash point 163° F | 72.8° C

Specific gravity 0.79

Phosphate content None
