Koblenz SP-15 Accelerator 20X14 Orbiting Pad 1.5 HP Motor Floor Machine 00-4501-3 Air Mover

Koblenz Accelerator Chemical Free Floor Prep Machine, 00-4501-3

Preparing a floor before refinishing is time consuming and costly. Conventional floor machines (polishers) aren’t designed to get into corners. The Koblenz Accelerator Chemical Free Floor Prep Machine is ideal for stripping floor finishes, sanding, scrubbing and screening. Eliminates the need of costly chemical strippers and increases your productivity saving thousands of dollars each year.

Green operation - removes floor finishes without the added cost of using toxic chemicals and the rectangular design gets into corners and edges that are missed by round pads. No hand scrubbing needed. Boost your productivity by preparing up to 5000sq. ft/hour. 1.5 HP heavy duty motor at 3500 rpm. Works on both wet and dry surfaces.

Operating the Koblenz square floor strippers is as easy as holding it lightly with one hand. It is the most flexible floor machine on the market.

Don’t compromise, get the best.
