Manufacturer: Harvard Chemical Research

Simoniz S3342012 Chewing Gum Remover Aerosol Spotter

I Aerosol Spotter is a handy, easy-to-use aerosol spot remover for all oil soluble spots such as: tar, wax, grease, fats, gum, etc.

PRODUCT INFORMATION:

We all have a melted gummy bear or two somewhere under our seats. If you have found yourself in a sticky situation when detailing, specifically trying to remove chewing gum, you know that there is nothing pleasant about it. Sticky situations require special formulas. Here's one for you.

Simoniz® Chewing Gum Remover is specially formulated to easily chewing gum, candle wax, and other gummy substances. This formula makes the job quick, easy and neat by freezing the substance to approximately -40 degrees F so it will crack off fast. Removal is easy and no staining or chemical residue is left behind.

How to Use:

Wear gloves during use and avoid contact with skin and eyes. Contents extremely flammable.

Spray small amount of aerosol spray on gum/gummy substance embedded in carpet.

Once frozen, chip gum away with dual-purpose detail brush and vacuum area.

Rinse with extractor and water when possible. TIP: For smaller or narrow surfaces spray product onto a clean terrycloth towel or wax applicator pad and apply.

Used by professional cleaners for years with outstanding results. NOT AVAILABLE FOR SALE IN CALIFORNIA.

AEROSOLS SHIPPED VIA GROUND ONLY.

Applications: Great for removing oil,fats, tar, grease, wax, gum, etc.
Made from natural Orange Oil and OMS.

Each can is 9 oz of spotter X 12 unit Case
