Nikro Industries Insulation Removal Vacuums make removal of insulation quick and easy. These powerful vacuums are designed for fast efficient removal of fire, smoke and water damage insulation from attics, sidewalls and crawl spaces. Wet or dry blown-in insulation and plaster chips, can be vacuumed and then deposited into 75cu.ft disposable collection bags or directly into trash dumpsters. With three different insulation vacuums to choose from, Nikro always has the right vacuum for your application.

- Ideal for handling wet and dry materials
