Model Number: 2345B-LP

Hypro 2345B-Lp Pump Left Hand Shaft 8.740-269.0

Manufacturer: Hypro Pumps

Hypro 2345B-Lp Left Hand Shaft Pump 8.740-269.0

Photo of right had shaft but this part number is for left hand shaft.

Self-serve carwash and tunnel prep unit owners are making the switch to Hypro 2300 Series plunger pumps. Backed by the best warranty in the industry, Hypro pumps are designed for, and not adapted to, the car wash industry, resulting in pumps that deliver higher pressure and increased reliability.

Take a closer look at the features of the Powerline Series plunger pumps and see for yourself why Hypro is the best plunger pump manufacturer in the carwash industry.

These PowerLine Plus, triplex plunger pumps, achieve up to 4.8 gpm (18.2 lpm) and 3000 psi (207 bar).

- Port sizes: 1/2" inlet, 3/8" outlet
- Shaft: 3/4" OD solid
- Plunger rod guides: ZA27 piston guides give you larger bearing surface for extended life on oil seals and plungers
- Precision-machined seats provide higher resistance to chemical attack
- Ball bearings: Longer lasting drive system with heavy duty ball bearings
- Plungers: 100% ceramic plungers
- Seals: Heavy-duty oil seals
- Bases: Standard - C3 retrofit bases match Cat 310 and 5CP base footprints
- Servicing: Our state-of-the-art, patented cartridge technology allows easy servicing of crankcase oil and all wet-end seals - remove only the pump head
