Demo Rotovac R-VAC-PWR Rotary Extraction Power Wand Original 12in Wide Dual Head 20200217  
123130 1610-2333

Manufacturer: Rotovac

Demo Rotovac Power Wand Showroom floor model.

Most carpet cleaners just use the old manual scrub wand method because it has been around for over 40 years. Using a manual wand requires a great deal of physical labor and only cleans from two directions, often producing only mediocre results. The manual wand is old technology and gives you nothing new or different to market to your customers.

#### Rotovac Powerwand Product Details

high torque motors to supply all the cleaning muscle for you. The rotary vacuum heads thoroughly clean the carpet from all directions with hundreds of cleaning passes rather than just back and forth a few times like a manual wand. The Rotovac gives you something new, different, and better to market to your customers. Professional carpet cleaners across the

The Patented Rotovac Powerwand operates with one hand like an upright vacuum cleaner. There is never any need to bear down and scrub like a manual wand. The Rotovac has dual country report that their referral business has skyrocketed and their backs feel a lot better since the day they started using the Rotovac Powerwand.

#### Here's How It Works

Rotary Vacuum Heads thoroughly clean the carpet from all directions with hundreds of multi-directional cleaning passes. The Rotovacs' motors supply all the cleaning muscle for you. The Rotovac gives you something new, better and different to market and grow your carpet cleaning business.

Six vacuum slots and six spray jets rotate at 250 rpm too produce 1500 multi-directional cleaning passes per minute. (Try doing that with a manual wand!)

#### Features:

- Patented, "Rotary Jet Extraction" cleaning heads
- Out cleans all other systems
- Offer agitation and extraction at the same time. (no prescrubbing required)
- Highly maneuverable and lightweight (38 lbs.)
- Cleans in both directions (up & back)

>

Operates with any portable or truck mount system  
Draws only 5 amps at 115 volts  
50 to 500 PSI  
Guaranteed to improve your cleaning  
Better cleaning posture  
More marketability and customer retention

Please note:

Rotovac wands work with any make, model, brand machine, but it is recommended to use machines with at least 6 stages of vacuum (20 amp) that are auto fill and auto dump. 8 Stages of vacuum machines are preferred for super long hose runs.

Power Wands use twice as much water as regular wands.

The use of power wands cuts the maximum hose lengths in half over a regular wand.
