Model Number: 20160226

Clean Storm 20160226, Automotive Seat Belt Cleaning Wand Tool

Manufacturer: Clean Storm

Clean Storm Automotive Seat Belt Cleaning Wand / Tool

Use with your carpet cleaning machine, auto detail machine, or pressure washer/shop vac

Simply insert seat belt in the slot and Pressure washes both sides of the seat belt at the same time while vacuuming off the water and dirt.

Works best with professional auto detail extractors between 500 and 1500 psi but can be used with traditional low pressure auto detail extractors.

Do not use over 1500 psi on this unit, as it will malfunction.

Naturally the more pressure and the hotter the water, the better the results and speed.

Uses some of these parts below in the build:
