Comparable Pump Families

This pump is commonly listed as equivalent or related to the following commercial  
pressure washer pump families:

- Legacy GT6036L
- Shark ST6036L
- Landa LT6036L
- Hotsy HT6036L

Important Fitment Notes

- Please confirm left hand shaft orientation before ordering.
- Confirm shaft size, pulley alignment, inlet/outlet plumbing, and RPM before  
installation.
  - Do not run pump dry. Fill crankcase with correct pump oil before operation if  
shipped without oil.
  - Installation should include proper inlet filtration and adequate water supply to  
prevent cavitation damage.

Common Applications

>

Used on commercial hot and cold water pressure washers requiring a 6.0 GPM, 3600 PSI, belt-driven, left-hand shaft pump.

#### Ordering Notice

Special order OEM pumps may be non-cancelable and non-returnable once ordered from the factory. Please verify your model number, shaft direction, and pump specifications before purchasing.

Karcher 8.921-717.0 Left Hand Shaft Pump 6.0 gal 3600 psi 1450rpm
