Model Number: 20170310

Electrical Converter 230V 4 wire 30Amp NEMA 14-30P to 115Volt 25Amp GFCI Breakers 2 Gang 5-20R 4 Outlets Adapter 20170310

Manufacturer: Clean Storm

Converts standard electric dryer outlet or commercial coffee machine plug into: 2 separate circuits with built in 25 amp breakers and ground fault interruption mounted in a thick wall plastic box.

Temporary power distribution box
Construction spider box

Note: User assumes all responsibility on use. It is the users responsibility to check the inbound voltage, outbound voltage, and total amp draw to verify these are not going to be overloaded. The user agrees to test the amp draw of any appliance or machine that they plug into these converters to ensure they are not being overloaded. Meters are cheap and mistakes are expensive. You can purchase a meter at <http://www.steam-brite.com/voltage-meter-multitester-p-6259.html>

User agrees to hold Steam Brite, its employees, and agents harmless in the event of any use of said use of converter. The user agrees to not hold SteamBrite and all employee against any problems that arise out of the use of said converters. Remember, just because it plugs in does not mean it is OK to use!
