Century Wire D11714050YLPLBK Pro Lock Extension Power Cord 14-3X50ft 5-15 Ends
D14414050BL GTIN 6618991022215

Manufacturer: Century Wire and Cable

Century Wire and Cable Pro Lock Extension Power Cord 14-3 with P5-15 and R5-15
Ends D14414050BL D11714050YLPLBK

Description

Our heavy duty UL 12/3 and 10/3 Pro Glo®; extension cords that feature our patented Pro Lock™ connectors prevent plugged in extension cords with standard straight blade 15A-125V ends from pulling apart. Our Pro Lock™ connector eliminates the problem of accidental disconnects that result in the temporary loss of power.

Features

- Molded on Pro Lock connectors will not pull away from the cord body and offer extra water resistance.
- Automatic locking feature: insert male end into our Pro Lock connector, push together to lock & pull the collar down to unlock.
- We use high impact polycarbonate on both housing & collar on our Pro Locks to guarantee hard service, extra-heavy duty use.
- Pro Lock Pull Strength: 80 lbs horizontally or vertically.
- Lighted Amber Power Check plug and Pro Lock connector indicates there is power running through the cord and connector.
- Factory ships these in both 40 and 50 foot lengths.
- Pro Lock Connectors are assembled on to our 14/3, 12/3, and 10/3 Pro Glo outdoor extension cords to prevent disconnects.
- Special mechanical grips are inserted into the plug blades' holes to lock our Pro Lock connector to the male plug.
- For extra safety and strength, we solder all our connections.
- Lighted Amber Power Check plug and lighted Pro Lock connector indicates there is power running through the cord.
- We use high impact polycarbonate on both housing & collar to guarantee hard service, extra-heavy duty use.
- Our Pro Glo®; high visibility coldweather PVC insulation and jacket guarantees working flexibility in temperatures down to -40°F.
- Meets OSHA specifications for grounded 3 conductor cordsets.
- 12/3 Jacket colors: Orange, Pink, Green, Blue, Red, Purple, Black and Yellow.
- 10/3 Jacket colors: Green, Blue, and Yellow.
- Lengths: 50ft

Specifications

Works with all NEMA 5-15A (15A-125V) straight blade connectors.

Temperature Range: -40°F to +160°F.

Pull Strength: 80 Lbs. horizontally or vertically

Custom cord strain relief helps reduce cord tension and excess bending.

UL Listed and cUL for Canada.
