Hide A Hose Specail Order

Manufacturer: Production Metal Forming

The ultimate upholstery tool works with all makes, brands, or truck mounted carpet cleaning machines.

Has pressure side bypass feature built in to the PMF V4N easy pull valve to allow you to adjust the water pressure at the wand as well as keep the water hot at the wand so after setting down for a while you do not have to wait for the hot water to travel from the machine to the tool. Also serves as heat control for truck mounts with manual heat control.

Contains vacuum release slot for times you want to use this wand with under 200 psi. Instant heat with no waiting.

500 psi brass valve.

Internal spray jet allows for by-directional cleaning--with absolutely no overspray.

Cleaning stroke is either up or back or both.
