Husqvarna PG 450 Concrete Floor Grinder 3 HP 19 Inch 230 Volts PG450 HTC 450 Hepa 335Cfm Vacuum Bundle 09493341

Manufacturer: Husqvarna Equipment

Husqvarna PG 450 Concrete Floor Grinder 3 HP 19 Inch 230 Volts PG450 HTC 450 Hepa 335Cfm Vacuum Bundle 09493341

A floor grinder for surface preparation, grinding of adhesive residue, paint and spackle on medium and large sized concrete areas. The grinding with suction is efficient thanks to the high rpm levels, the wide range of grinding discs and the design of the dust guard and vacuum port.

Entire bundle operates on four 15 amp breakers. (2 vac motors - cord, 1 vac motor + 2.8 amp Hepa Air Scrubber, 2 cords for grinder)
Minimum optional generator size 420cc.

Bundle Includes (click links below to watch video, purchase separately or to read more about each product):

Drieaz 125105 Hepa 700 Air Scrubber Each

Diamond bits are included in the bundle web page.

Husqvarna PG 450 Floor and Concrete Grinder 3 Hp 240 Volt 13 Amp Dual Power Cord Supply 967278105 Standard 1 Year, 1000 hour Warranty

PG 450 is a versatile and user-friendly planetary floor and concrete grinder. Perfect for a wide range of applications, e.g. coating removal, concrete grinding and concrete polishing.

It is also suitable to use to make Husqvarna HiPERFLOOR®.

With its 18 in. grinding width it is excellent for both small hard to get to areas, as well as larger surfaces.

It is ideal for rental and both professional and semi-professional applications due to its many self-adjusting benefits.

1-phase means it is suitable for industrial and domestic applications.

It can easily be folded and divided without tools for transport and storage.

Factory Installed NEMA L6-20 Plug + Dual power cord supply for plug in everywhere portability!

The PG 450 come in two versions.

A light duty 120 volt 2 HP 19 amp / 2280 Watt version and the heavy duty 3 hp 240 volt 13 amp / 3120 Watt version.

This webpage is for the heavy duty 3 hp 240 volt version PLUS the dual power supply converter so you can still plug into standard wall outlets.

Way easier to plug in two power cords at 13 amps each than a single power cord at 19 amps, and faster (more RPM's) with the larger heavier electric motor for faster grinding action too!

Please note that every building has 15 amp breakers, and not every build has 20 amp breakers.

Universal 2" vacuum hose connection.

Factory power cord is 1 foot long.
