Model Number: 950-241-A

HydraMaster 950-241-A, SpotMaster Pro XP, 12 x 1 quart Case

Manufacturer: HydraMaster

All HYDRAMASTER ORDERS ARE FINAL, NON-CANCELLABLE, NO REFUNDS, PRICES SUBJECT TO CHANGE BASED ON DATE SHIPPED!

SpotMaster Pro XP

Epic Performing First Response Spot and Stain Remover

SpotMaster Pro XP serves as the cleaning professional's first response solution to a wide variety of common food and beverage spills onto carpet and upholstery, effectively removing 90% or more of spilled materials completely. Now with the synergistic addition of specialized surfactants, stain eliminators, plant derived solvents, and encapsulating polymers, SpotMaster Pro XP moves to the next step in extreme performance spot and stain removal.

SpotMaster Pro XP is the ideal spot remover for most common food and beverage spills. Special additives make it a stain eliminator on more problematic stains like iodine and red wine. It is your best response for protein spills and stains like egg, blood, milk and grass stains. Plant derived solvents make it effective on many oil based spots and stains like ink, lipstick, shoe polish, grease, oil and tar. Finally, encapsulating polymers help prevent wickback of spots and stains without any additional treatments or steps.

Unlike most industry general spotters, SpotMaster Pro XP is a professional strength spotting solution that should be used by a trained cleaning professional only. Some specialized solvent soluble spots and stains, like gum, permanent marker, paint, fingernail polish, adhesives, and problematic inks (ink jet printer, stamp pad, duplicating, etc..) may require the additional application of SpotMaster Gel XP or OJ for more effective removal.

Right to Know Info

Below is a list of components required to be disclosed under the California Cleaning Product Right-to-Know Act of 2017.

Ingredient Name | CAS# | Function | Designated List(s)

Water 7732-18-5 diluent

Butoxydiglycol 112-43-5 solvent

2-methyl-1,3-propanediol 2163-42-0 solvent

Sodium thiosulfate 10102-17-7 Stain remover

isopropanol 67-63-0 solvent 20

Sodium octane sulfonate 5354-84-5 hydrotrope

Sodium lauryl sulfate 151-21-3 surfactant

Potassium hydroxide 1310-58-1 pH control

Sodium sulfate 7757-82-6 Processing aid
