The most advanced edge grinder for professional users  
Switching to an HTC 270 EG means that the time spent on edge grinding can be seriously reduced for any contractor. We are confident to say that the HTC 270 EG is the world first true professional edge grinder.

The core focus in HTC's product development has always been ergonomics, economy and ecology and HTC 270 EG is no exception. The machine is advanced, yet simple to use and many different options in configuration enables a more controlled and ergonomic edge grinding than ever before.

Equipment can ship in Orange, Black or Gray (customer does not get to pick)  
Some of the great features with HTC 270 EG are:

- Height of grinding head, only 100 mm!
- Access below shelves etc. when grinding
- Frequency control and "overload" light allows full control of grinding
- Ergonomically designed with many handle positions
- Easy to set grinding head towards both left and right grinding

>

Grinding head adjustable in three angles  
Optimized center of gravity for best stability  
Floating cover that follows the floor at all times  
The EZchange system gives access to HTC's complete tooling range  
Adjustable counter pressure wheels  
Detachable chassis for easy transportation

3 versions HTC 270EG to pick from but this one is the most popular for Speed  
(downward pressure,) Power, and ease to plug in to all job sites  
240 volt single phase 20 amp surge/ 13 Amp run

Bundles on this webpage includes:

This webpage is the the 967838701 version + the power supply and power cord.  
The optional 120 volt version is less weight and means it grinds much slower.  
The optional 3 phase 460 volt version requires a special generator to operate  
This model with the included HTC power converter pack gives you the added weight  
and speed and power but still can easily be powered up and plug in everywhere. No  
generator required. 20 amp surge / 13 amp run. When starting the unit, apply  
downward pressure to lift head and lower the surge amp draw. Once turning, let up  
on the handle to start grinding with 79 lbs downward head pressure.

Even with \$500 off for power supply from cheapest listing = \$7724 sell machine only
