TOP CARE PRO BLOCK FIBER PROTECTOR

DESCRIPTION

This product is a highly durable carpet overspray protector and provides a high level of resistance from water and oily and dry soils. It exhibits an excellent resistance to detergents and can maintain its properties through several extraction cleanings. Our product contains DuPont Zonyl 5180[®], to create an anti-soiling, anti-staining, protective barrier for use on fabrics, upholstery, and carpet. This product is recommended for use on 5th generation carpeting as an after cleaning treatment.

INSTRUCTIONS

Always pre-test in inconspicuous locations.

For damp, cleaned carpet, mix 4 gal. of water (soft or distilled preferred) into 1 gal. Pro Block Fiber Protector (1:4). Spray unto carpet at a rate of 1 gallon per 400-600 sq. ft. Use light, even stroke, and then repeat 90% to first application for even coverage. Brush or rake to spread protector evenly and align carpet pile for drying. Keep off carpet until dry. For dry carpet, mix 6 gallons water into 1 gallon Pro Block Fiber Protector (1:6 dilution) apply 1 gallon per 200 sq. Ft.

SPRAYER USE: Use pressure sprayer with 8004 jet at 35-45 psi. Sprayer dedicated to protector application is recommended to prevent accidental mixing with other chemicals.

SPRAYER MAINTENANCE: Flush with warm water to clean, do not store protector mixture in sprayer.

FEATURES

- Protects against spills, resists soils
- Enhances stain-resistance
- Resists oil penetration

SPECIFICATIONS

Appearance: Light Brown Liquid
Odor: Bland
Specific gravity: 1.01-1.03

pH: 6.0-7.5
USDA Approval: No
Detergency: None

SAFETY

Keep out of the reach of children! Product may be harmful if swallowed. Contact physician immediately. For skin or eye contact, flush area with clear water for 15 minutes. For eye contact, consult physician immediately. Consult Material Safety Data Sheet for further information.
