

Accelerated Tile and Grout Learning Module (English&Spanish)

Model : JS090

Accelerated Tile and Grout Learning Module (English&Spanish)

Manufacturer : HydroForce

Mr. Chris Avendano of Houston, Texas has created the first in a series of learning modules for hard surfaces. This first offering is a complete training program for Tile and Grout cleaning. This fabulous program contains exhaustive information on maintaining tile and grout floors. The technician gets to read, listen and watch as Chris takes him through the process of cleaning, sealing and even repairing tile and grout.

The module also has a Spanish voice track for those who learn best in that language. You and your technicians will learn this complete system in an easy and fun format.

- Stone and tile identification
- Grout composition
- Chemical preparations
- Extraction cleaning using the SX-12 by Hydro-Force
- Sealing of grout and porous tile
- Detail work
- Vertical tile surfaces and much more...
