The Bluebook of Reconstruction, Cleaning and Repair Cost Guide Desk & Pocket Edition

The Bluebook provides over 100,000 residential & light commercial structure and contents costs for construction, reconstruction, remodeling, repairs and home improvement of all types throughout the United States and Canada.

Over 84 construction trades are presented in 680 categories across 480 fact filled pages. Pricing is demonstrated using simple, in-place, square foot costs so there's No Calculating or Factoring Tables.

Easily figure costs for improvements or repairs in most any type of residential structure.

Whether you're a novice or an expert, this nationally recognized, easy to use cost guide will help you quickly validate and create fair and accurate estimates.

Get the book that over a half-million Industry Professionals Know & Trust! Since 1964

-- Bluebook's New Residential eServices provide per square foot building costs in over 74,000 neighborhoods across the U.S.

(Paperback Bluebook)

Bluebook Cost Guides

Over 44 years of experience and countless man-hours have been dedicated to the research of thousands of reconstruction and repair costs and literally millions of line items throughout North America. It still remains the industry's only cleaning, repair and reconstruction cost guide to include component based pricing, trade by trade depreciation and unit cost tables for residential and light commercial structures.

Blue Book 2008 Cleaning Restoration and Repair Bluebook

The Bluebook has 44 years of experience in setting industry standards and reporting fair and accurate residential and light commercial reconstruction, repair and cleaning costs - Years of experience now at your fingertips. No other cost guide offers the same!

A standard in "fair and accurate pricing". Know your prices. Estimate with confidence. Get the job done right!

Bluebook Cost Guide Features

Our credibility comes from 44 years of interacting with the industries we serve. We report pricing from in-depth research of current market costs and area specific pricing components that effect and make up each price.
