Manufacturer : CFR

### Pro 500/750 Environmental Cleaning Workstation Maximum Cleaning Power for Professional Applications

Pro 500/750 is especially designed for superior carpet and hard surface restoration, as well as general maintenance. The system also tackles upholstery, modular office panels, fabric-covered walls, and hard surfaces such as grouted tile, marble, and vinyl wall coverings. The Pro is the highest performance system available for the residential, commercial and industrial cleaning.

The unique plunger pump and motor system will allow the Pro 500/750 to produce 1.35 to 1.5 GPM at up to 500/750 p.s.i. of deep cleaning power as far away as 70 feet from the unit. CFR's solution control technology enables the user to clean all types of fabrics without the worry of over wetting. The Pro 500/750's vacuum system offers 150" of water lift. This superior solution control cuts dry time to as little as 1-2 hours.

- Easy access to internal components.
- Runtime hour meter and separate vac and pump switches.
- Large "stair climbing wheels.
- On board chemical storage.
- Tools storage for easy portability.
- Wheeled handle for maximum ease of loading and unloading.
- Externally adjustable pressure gauge.

## CFR: Pro 500 - 2/2Vacs - 500psi (Free Shipping!)

### Includes:

- Wand
- Combo tool
- 33 Feet worth of hoses

Easy access to internal components.  
Wheeled handle for maximum ease of loading and unloading.  
Tools storage for easy portability.  
Externally adjustable pressure gauge.

### Patented Air Induction Tools

CFR's patented air induction tools atomize high velocity solution at 200-1000 p.s.i. to "scrub" each individual fiber and simultaneously recover this solution to prevent over wetting. They clean carpeting, upholstery and even fabric partitions better than conventional extractors and they are more efficient than foamers or pressure washers on ceramic and other hard surfaces. The unique tool design provides total solution control with the CFR Continuous Flow Recycling cleaning system.
