The Mitey-One Hybrid Turbo - another new concept in cleaning equipment from the Leader in innovations, Cross-American Corp.

- It's an extremely powerful Spotting machine!
- It's a backup machine!
- It's an external through-BOOSTER!

All this in one compact package that takes up hardly any van space yet out-performs some full-sized extraction machines. Whatever type of extraction machine you use the Mitey-One Hybrid Turbo can transform your cleaning arsenal.

- Pressure: 100 PSI (on demand).
- Vacuum Motor: 3 Stage Epoxy Painted /100cfm.
- Tanks: 3 1/2 gallon (Solution/Recovery) View-Through.
- Wheels: 8" Rear Rigid x 3" Swivel plus center carrying handle.
- Specs: 20"H x 20"W x 13"L W/ approx wt=32 lbs./ 11 amps x 120v.(peak)/ (1-25' cord).
- Supplied with a 15' hose set and a west pak floor wand (or auto detail wand - your choice)

Machine failure? Small job on the top floor?

The Mitey-One Hybrid Turbo can function as a full-blown extraction machine!

Long hose-run? Feeling a bit under-powered?

Just connect the hose from your current machine to the through-port and the Intelligent airflow management system automatically transforms the Mitey-One Hybrid Turbo into a through-BOOSTER System that adds 100cfm to the total airflow - it's like running with a shorter hose!

A Great Value! No need to buy and carry three separate machines - The Mitey-One Hybrid Turbo does it all !!!
