(103 x 56 x 27 cm)

Amp Draw
3 amps

Speed
2 Speed switch

Power
110 W (0.148 HP each motor)

> Drieaz: Rover HVE High Volume Extractor F354

Drieaz: Rover HVE High Volume Extractor F354

Voltage
115 Volts

Cord Length
45 ft.

GreenGlide
Interchangeable Polymer Glide

Handle
Collapsible

Housing
Rotomolded Shell

Frame
Stainless Steel Structure

Joystick Control
Joystick (rated for 10 million cycles)
controls Dual Drive Motors

Customer Testimonial

I first experienced the Rover HVE in the new Dri-Eaz Restorative Drying 201 course and called a distributor to purchase one before the class was even over. It's been a good decision because the Rover has been out on jobs every day since we purchased it! Our crews request the Rover over other options. Techs say it's just plain easier and faster to use. The Rover's lighter weight makes it easy to load and unload. The power cord and vacuum hose are easier to manage, and when strapped together, they stay behind the operator and don't get in the way. Another plus is the view tube, not only for the operator, but so the client can also see how much water we extract. The joystick makes the Rover more comfortable to operate than other extractors and the
