Top Selling Points

- Amazing cleaning ability
- Labor saving, ergonomic design
- Versatile with consistent cleaning
- Durable construction for long life

Clean more carpet with less effort
Because the RX-20 is not operator dependent, it delivers more cleaning all day long, regardless of the operator. A slight change of balance on the RX-20's handle allows the operator to clean in a side-to-side motion, with little or no effort.

Equipment: Carpet Cleaning > Wand > Specialty Wands > Hydramaster: RX20 Rotary Cleaner

Hydramaster: RX20 Rotary Cleaner

The five vacuum heads and three spray jets rotate at 130 RPM creating 650 complete cleaning passes per minute.

Consistent quality cleaning, all day long
Customers will be impressed with the high-tech approach to cleaning the RX-20 produces, setting your operation apart from those using only a wand. Clean with less effort, get better results… and make more money.

The effortless side-to-side motion of RX-20 can be used successfully by anyone with ease.

RX Mounting Bracket

Keep your RX-20 High Efficiency Model secured in your van with our custom mounting brackets. Simply set the wheels of the extractor in the bracket and your machine will stay in place. No thinking about it rolling around in your van or wasting valuable space by laying it on its side. Mounting Bracket is part # PHY163-018
