

HydroForce: Revolution Injection Sprayer

Model : AS08R

HydroForce: Revolution Injection Sprayer

Manufacturer : HydroForce

The REVOLUTION AS08R has started!

Carpet cleaning will never be the same! Free yourself from additional work. Fight for faster cleaning. Kill to save money on chemicals. Blast more soil from carpet. Protect the carpet Dye better! Dye proud!

Great Benefits: Apply any chemical in your truck. Ratios of 1:4 up to 1:64 are obtained with a turn of the knob.

Available in two models: 50-250 PSI and 250-500 PSI (this one). Better Cleaning. When you come to that grimy area in front of the couch, turn your knob for higher concentrations of cleaner, turn it lower for light soils.

Save Money. Now, you the professional decide your mix ratio on pre-spray - heavy for heavy soil, light for light soil. You won't need high concentrates when only a small portion of the job requires it. Dye better. For those who do carpet dye work, this is a true Revolution. Immediately adjust your dye output for changing conditions on each job. No messing with metering tips! Upgrade now. If you would like to upgrade your Hydro-Force Injection Sprayer, you can upgrade to the new Revolution by ordering the upgrade assembly and replacing your current valve and handle.

Here are what some of your fellow professionals are saying about the new Hydro-Force Revolution:

Cam Miller with C and M Carpet Cleaning - "It's performing great; I love it. I use it every day on 4 or 5 jobs. I can turn it down for the light soils and open it up and let it have it where it really needs it. I use it mainly for pre-spray, though I've found it works really well for dyeing, too."

Bryan Hawkes with Rainbow Carpet Cleaning Systems - I'm loving it! It's the best. I have been using it on dye jobs... it sure has been nice. I can adjust the amount of dye a job needs with no mess. I'm also using it for pre-spraying... it's a good way for pre-spraying bad areas. Just open it up and lay a little more of the pre-spray on the dirty area.

Price : \$183.98
