FLATWORK FILTRATION ACCESSORY

Protecting the environment from wash water runoff and complying with governmental storm drain regulations is simple, economical and effective with the RZFDC Flatwork Filtration System when cleaning concrete on driveways, floors and parking lots. Wash water is filtered through 6 stages with reduction to 5 microns and stored in your trailer tank for repeated use by the pressure washer. Unit is equipped with 2 large capacity pleated filters. No outside power supply is required when connected to a pressure washer's 12-volt battery and it can become fully portable and supply an almost unlimited, reusable water supply for the ultimate in conservation.

SPECIFICATIONS SEPARATOR TANK

HOPPER Polyethylene Seamless Molded, Slant Cone

Bottom, 40 gallon capacity

OIL SEPARATION Center Water Column Removal Process,

Dual Oil Skimmer Bag 40# capacity

SOLIDS SEPARATION Gravity Separation with 1-1/2" sludge / solids drain

MOUNTING Seven Bolt mounting on rear of trailer or any flat surface

FILTRATION & 7 STAGE

PUMP POWER 12vdc / 13 amp, Breaker Protected, Lighted Switch (*Powered by Pressure Washer Battery)

*NOTE: Engine Charging Circuit must be Rated for 15 amps +

BAG FILTERS 1ea. 100 Micron Polyester Felt Bag 7" x 32"; 1ea. 5-Micron Polyester Felt Bag 7" x 32";

OIL SKIMMER 8" x 24" Absorbent Skimmer, Sludge Drain CARTRIDGE FILTER 1ea. 20-micron Pleated PE, 32" sq. filtering material

CARBON FILTER 1ea. 10-micron pleated, impregnated activated carbon, Hydro Carbon, Oil and Odor Removal

REPLACEMENTS Spare Cartridges: 20m (VFH07), 100m Bag (VFB10) Carbon (VFH10), Oil Skimmer (VB040)

WARRANTY 90 day Accessory Warranty DIM / WEIGHT 16" x 28" x 41" / 138# Net Weight (Dry)

RZFDC Features:

Simple to run with automatic pump controls. Easy to maintain with replacement filter cartridges. 6 Stage separation process

Equipment: Restoration > Flood Pumpers > Hydrotek: Filtration System

Hydrotek: Filtration System

with 64 sq. ft. filtration and 5-micron final filtration. Final water suitable for concrete and other flatwork cleaning while conserving water use and discharge.

1½” Gate Valve solids drain system.
