

International Ozone: Titan 4000 Catalytic Oxidizer

Model : Titan4000

International Ozone: Titan 4000 Catalytic Oxidizer

Manufacturer : International Ozone

**What Do You Do When You Have To Deodorize
While Your Crew Is Working Or Your Customers Are Present?
Titan Is Your Answer**

Air Purifier & Deodorizer	Model #4000	
	Voltage Cycles Amperage Fan Output Max. Treatment Area Dimensions Weight Filtration	110 Volt 50/60 Her 4 Amp 3000 CFM 40,000 C 26" x 26" 38 lbs. 20" x 20" Electrostat

REMOVE ODORS - KILL GERMS -

UV Rays (365nm) emitted from Titan's TiO₂ Photo Catalytic Lamp pass through a filter which is designed to hold the maximum amount of Titanium Dioxide, and as a result produce H₂O and O₃ in the air and produce free electrons and hydroxyl radicals that will break down organic and inorganic gases and air pollutants into carbon dioxide and water.

The biggest advantage to the Titan Air Purification & Deodorization system is that it is safe to use around people.

The market for the Titan is unlimited. Fire and Flood Damage Restoration, Deodorization Centers, Restaurants, Night Clubs, Beauty Parlors, Etc... Etc... can all benefit from Titan's TiO₂ Photo Catalytic process which will clean the air, remove odors and pollutants.

Another advantage of the Titan TiO₂ Photo Catalytic Lamp is that it is self-cleaning and lasts for up to 8000 hours.

Price : \$1,114.00
