REMOVE ODORS - KILL GERMS - CLEAN AIR

The 365nm wave-length UV Rays emitted from Titan's TiO₂ Photo Catalytic Lamp, through a quartz sleeve, which is designed to hold the maximum amount of Titanium Dioxide, reacts with H₂O and O₂ in the air and produce free electrons and hydroxyl radicals that decompose organic and inorganic gases and air pollutants into carbon dioxide and water.

THE BIGGEST ADVANTAGE TO THE TITAN AIR PURIFICATION SYSTEM IS THAT IT IS 100% SAFE TO RUN IN INHABITED AREAS.

The market for the Titan is unlimited: Hospitals, Prisons, Doctor's Waiting Rooms, Restaurants, Night Clubs, Hair & Nail Salons, Etc... Etc... can all benefit from Titan's TiO₂ Photo Catalytic process which will clean the air, remove odors and kill germs.

Another advantage of the Titan TiO₂ Photo Catalytic Lamp is that it is self-cleaning and has a life span of up to 8000 hours.

Price : \$452.64
