The Serious Power of a Truckmount, for Places Only a Portable Can Go! Proven performance for the power-hungry cleaner!

MasterBlend has become the company to follow because our innovative products meet your needs on every job-every day. All of our products are designed with the professional in mind, creating innovative solutions for today's toughest cleaning problems.

The TruckForce has the power of a truck mount for the most demanding jobs. It is packed with standard features that make it the perfect all around machine. It gives you serious power in places only a portable can go. It is easy to handle in narrow spaces and fits conveniently in a van.

No job is too big. It has a full capacity 22-gallon solution tank and a 15-gallon waste tank. The TruckForce makes flood work and high volume cleaning a snap with the industry's first 20 gallon per minute, fully automatic high volume pump-out. There is no clogging, because this pump-out easily handles the small particles that flow through the mesh waste filter bag. Filters are easily removed for cleaning. The water fill and chemical feed system

Model 1200 Features

The TruckForce 1200 features maximum water pressure for hard surface tile and grout cleaning.

- The combination of the 2.2 gpm 1200 PSI pump with the automatic pump-out allow this machine to easily handle the large volume of water necessary for hard surface cleaning.
- The pump is powered by a 1.5 horsepower high efficiency, dual capacitor motor.
- Turn the pressure down to 400 - 500 PSI for carpet cleaning or 100 - 200 PSI for upholstery cleaning, using the easily adjustable pressure unloader on the control panel. A VERY VERSATILE UNIT.
- Dual two-stage vacuum motors, in-series, provide over 136" of water lift (10" of mercury) and 100 CFM.

All systems are time proven for quality and reliability. The TruckForce has a 12-month limited warrantee against defects in material and workmanship. The rotationally molded body has a five-year limited warrantee.
